

# Are you a parent?

Seeking parents and their 3 to 6 year old children to participate in our study.

## What will happen?

You and your child will come to our research lab at the University of Houston. Your child will put on a Polar H10 monitor and eat a snack.

## How long will this take?

We anticipate your visit to our lab will last about thirty minutes.

## How will I receive anything for study participation?

- You will receive an insulated coffee tumbler
- Your child will receive a squishy toy (Nee Doh)

## What is the goal of the study?

The goal of this study is to better understand children's eating behaviors.

### Principal Investigator

Leslie Frankel, Ph.D.  
Associate Professor  
Psychological, Health, & Learning Sciences
