Revised September 5, 2006

You may START submitting your files as of July 1.

**The Financial Aid Database Report must be submitted
and ERROR FREE by:**

October 15

of each year.

**ALL RECONCILIATIONS TO YEAR END PROGRAM
REPORTS MUST BE COMPLETED AND YOUR FILE
CERTIFIED BY NOVEMBER 1.**

**The report contains data for individual students from
the previous academic year.**

**IF DEADLINES ABOVE ARE NOT MET, PENALTIES
WILL BE INVOKED.**

THE STATUTORY REQUIREMENT

Rider 13, Page III-50 of the current Appropriations Act directs the Coordinating Board to present an annual report to the Legislative Budget Board by August 1 of each calendar year concerning student financial aid at Texas public and independent institutions of higher education.

Institutional and statewide reports are required annually. The resulting financial aid database provides the state a means of accurately measuring the resources available to Texas students through financial aid, and is being used more and more as a basis for equitably distributing state aid resources among institutions. The database allows us to generate statewide, sector and individual institution reports.

From Senate Bill 1227, 79th Legislature, Regular Session:

Section 61.066, Education Code, is amended by adding Subsection (c) to read as follows:

(c) The board shall conduct a biennial study to determine the total cost of attending each institution of higher education and the resources used by students to cover that cost, including the amounts of money received by students at each institution from the major sources of public and private financial aid, including grants, loans, scholarships, gifts, and work-study programs. In conducting the study, the board shall solicit information and comments from the financial aid office at each institution of higher education. Not later than November 1 of each even-numbered year, the board shall report the findings of the study to each legislative standing committee and subcommittee with primary jurisdiction over higher education.

CONTENTS OF STUDENT RECORDS

DATA ELEMENTS AND CURRENT FIELD LIMITATIONS

Data Elements and Current Field Limitations

Please provide the requested data for each person at your institution receiving any type of need-based aid or any aid for which a need assessment is required. **Shaded Elements have to be reported.**

Data Element	Field Layout	Instructions	Error Listing Messages
1. Student Social Security Number or ID Number COLUMN 1-9	999999999	numeric; right justified response required if student has no SSN, assign a 9-digit ID number composed of school FICE code +3 trailing digits. BE CONSISTENT WITH IDs REPORTED ON CBM, TEXAS GRANT YEAR-END AND ANY OTHER REPORTS SUBMITTED TO THE CB.	error if non-numeric error if (social-security-number = 0) and ((county-code-perm-address < 401) and (county-code-perm-address > 0))
2. Student Income Earned from Work COLUMN 10-15	999999 If your records include the details shown in data element #s 2-13, please report them, giving adjusted gross income in data element #s 2,3,8 and 9. If you cannot provide the full breakdown, report the Total Income figure you use on the FISAP in data element #2 and leave data element #s 3-13 blank.	numeric; right justified rounded to full dollar amounts if blank, will assume to = 0 ADVICE: Provide Total Income as reported on FISAP in data element # 2 and leave data element #s 3-13 blank.	error if non-numeric warning if negative value error if >888,888 warning if > 200,000
3. Spouse Income Earned from Work COLUMN 16-21	999999	numeric; right justified rounded to full dollar amounts if blank, will assume to = 0 See ADVICE for data element # 2.	error if non-numeric error if >200,000
4. Social Security Benefits for Student and/or Spouse COLUMN 22-26	99999	numeric; right justified rounded to full dollar amounts if blank, will assume to = 0 See ADVICE for data element # 2.	error if non-numeric error if >30,000
5. Aid to Families with Dependent Children (AFDC or ADC) for Student and/or Spouse COLUMN 27-31	99999	numeric; right justified rounded to full dollar amounts if blank, will assume to = 0 See ADVICE for data element # 2.	error if non-numeric error if >30,000

Data Element	Field Layout	Instructions	Error Listing Messages
6. Child Support Received for All Children by Student and/or Spouse COLUMN 32-36	99999	numeric; right justified rounded to full dollar amounts if blank, will assume to = 0 See ADVICE for data element # 2.	error if non-numeric error if >30,000
7. Other Untaxed Income and Benefits for Student and/or Spouse COLUMN 37-41	99999	numeric; right justified rounded to full dollar amounts if blank, will assume to = 0 See ADVICE for data element # 2.	error if non-numeric error if >30,000
8. Father's Income Earned from Work COLUMN 42-47	999999 (reported for dependent aid applicants only)	numeric; right justified rounded to full dollar amounts if blank, will assume to = 0 See ADVICE for data element # 2.	error if non-numeric error if >222,222
9. Mother's Income Earned from Work COLUMN 48-53	999999 (reported for dependent aid applicants only)	numeric; right justified rounded to full dollar amounts if blank, will assume to = 0 See ADVICE for data element # 2.	error if non-numeric error if >222,222
10. Parents' Social Security Benefits COLUMN 54-58	99999 (reported for dependent aid applicants only)	numeric; right justified rounded to full dollar amounts if blank, will assume to = 0 See ADVICE for data element # 2.	error if non-numeric error if >30,000
11. Parents' AFDC, ADC Received COLUMN 59-63	99999 (reported for dependent aid applicants only)	numeric; right justified rounded to full dollar amounts if blank, will assume to = 0 See ADVICE for data element # 2.	error if non-numeric error if >30,000
12. Child Support Received by Parents for All Children COLUMN 64-68	99999 (reported for dependent aid applicants only)	numeric; right justified rounded to full dollar amounts if blank, will assume to = 0 See ADVICE for data element # 2.	error if non-numeric error if >30,000
13. Parents' Other Untaxed Income and Benefits COLUMN 69-73	99999 (reported for dependent aid applicants only)	numeric; right justified rounded to full dollar amounts if blank, will assume to = 0 See ADVICE for data element # 2.	error if non-numeric error if >88,888

Data Element	Field Layout	Instructions	Error Listing Messages
14. Ethnic Origin COLUMN 74	1 = White, Non-Hispanic 2 = African-American, Black 3 = Hispanic or Latino 4 = Asian or Pacific Islander 5 = American Indian or Alaskan Native 6 = International 7 = Unknown or Not Reported (for students refusing to report their ethnic origin).	numeric; right justified in range of 1 through 7 response required	error if non-numeric error if out of range (1-7)
15. Classification COLUMN 75	1 = undergraduate (has not received a bachelor's degree) 2 = graduate (has received a bachelor's degree) 3 = professional (enrolled in law, medicine, dentistry, veterinary medicine, etc.) 4 = student with bachelor's or higher degree enrolled in undergraduate program 5 = first-time entering freshman Use the classification of the student at the beginning of the award period. Report the program of study the student is enrolled under at your institution.	numeric; right justified in range of 1 through 5 response required	error if non-numeric error if out of range (1-5)
16. Dependency Status COLUMN 76	1 = dependent by Title IV definition 2 = independent by Title IV definition 3 = unknown (not active)	numeric; right justified 1 through 3 response required	error if non-numeric error if out of range (1-2) error if = 3
17. Date of Birth COLUMN 77-84	MMDDYYYY Enter the month, day and the four digit year of the birth of the student	numeric; right justified; 8 digits month range 01 through 12 day range 01 through 31 year range 1911 through 1988 response required	error if non-numeric error if mm is out of range of 1-12 error if dd is out of range of 1-31 error if out of range 1911-1988

Data Element	Field Layout	Instructions	Error Listing Messages
18. Residency COLUMN 85	<p>1 = resident 2 = out-of-state or foreign (cannot be used for students receiving any state aid except TPEG) 3 = unknown (to be used ONLY by private schools and NOT for students receiving any state aid) 4 = National Merit Finalist (to be used ONLY by private schools with TEG students) 5 = Non-immigrant Residents (students who formerly would have qualified through section 2 of HB 1403)</p> <p>Use the resident status of the student at the beginning of the award period.</p>	<p>numeric; right justified 1, 2 or 5 (at public institution) 1, 2, 3, 4 or 5 (at independent institution) response required</p>	<p>error if non-numeric error if public inst and not = 1 or 2 or 5 error if out of range (1-5) error if = 1 or 5 and data element # 19 > 254</p> <p>NOTE: Both in-district and out-of-district residents should be coded by community colleges as residents (1)</p>
19. Location Code of Permanent Home Address COLUMN 86-88	<p>999 Use list provided, which gives 3-digit codes for all Texas counties and for other states and foreign countries as used in the Coordinating Board CBM 001 report (see attached list).</p>	<p>numeric; right justified; 1 through 799 response required</p>	<p>error if non-numeric error if = 0 or if >799 error if in range of 371-400</p>
20. Street Address of Permanent Address COLUMN 89-118	<p>XXXXXXXXXXXXXXXXXXXXXXXXXXXX XXX Include number, street and apartment number (if appropriate)</p>	<p>alphanumeric; left justified 30 characters, maximum upper or lower case acceptable NOT required</p>	<p>may be left blank</p>
21. City of Permanent Address COLUMN 119-138	<p>XXXXXXXXXXXXXXXXXXXXXXXXXXXX</p>	<p>alpha; left justified 20 characters, maximum upper or lower case acceptable NOT required</p>	<p>may be left blank</p>
22. Zip Code of Permanent Home Address COLUMN 139-147	<p>999999999 If last 4 digits are unknown, leave them blank.</p>	<p>numeric response required, if USA address; leave blank if not USA address</p>	<p>error if non-numeric error if zip prefix is 99999 (out of range) error if zip prefix is 00007 (out of range)</p>

Data Element	Field Layout	Instructions	Error Listing Messages
23. Enrollment Status COLUMN 148	1 = full-time 2 = 3/4-time 3 = ½ time 4 = less than ½ time Report the highest enrollment status of the student during the award period.	numeric; right justified 1 through 4 response required	error if non-numeric error if out of range (1-4)
24. Gender COLUMN 149	M = male F = female	alpha; left justified M or F response required upper or lower case acceptable	error if does not equal M or F
25. Highest grade level mother completed COLUMN 150	1 = elementary 2 = high school 3 = college or beyond 4 = unknown Indicate the education level for their last complete year of school. For example, if it was their 1st year of college, indicate 3; if it was their senior year in high school, indicate 2.	numeric; right justified 1 through 4 response required if unknown, report 4	error if non-numeric error if out of range (1-4)
26. Highest grade level father completed COLUMN 151	1 = elementary 2 = high school 3 = college or beyond 4 = unknown Indicate the education level for their last complete year of school. For example, if it was their 1st year of college, indicate 3; if it was their senior year in high school, indicate 2.	numeric; right justified 1 through 4 response required if unknown, report 4	error if non-numeric error if out of range (1-4)

Data Element	Field Layout	Instructions	Error Listing Messages
27. Cost of Attendance COLUMN 152-156	99999 This should be the gross cost figure. If the student received an exemption or waiver of tuition and/or fees, such adjustments should be reported for data element # 29.	numeric; right justified rounded to full dollar amounts response required If not <u>accurate</u> for the period the student was enrolled, you MUST provide enrollment adjustment percentage (EAP) for data element # 69 of this report.	error if non-numeric error if out of range (50-50,000) error if <50 AND (data elements 29-37 > 0 AND data elements 40-68 > 0)
28. Total Family Contribution COLUMN 157-162	999999 as determined using federal methodology (May reflect professional judgment calculation)	numeric; right justified rounded to full dollar amounts response required If not <u>accurate</u> for the period the student was enrolled, you MUST provide enrollment adjustment percentage (EAP) for data element # 070 of this report	error if non-numeric error if > 999,999
29. Tuition Exemptions or Waivers or Fellowships COLUMN 163-167	99999 This should equal the amount of tuition and/or fees the student did NOT pay as a result of receiving an exemption or waiver. Awards through the Educational Aides Exemption Program should be reported here.	numeric; right justified rounded to full dollar amounts if blank, will assume = 0	error if non-numeric error if >88,888
30. Categorical Aid COLUMN 168-172	99999 Any aid brought to the institution by the student and not packaged by the Financial Aid Office. This would include such things as JTPA, Texas Rehabilitation Commission and Texas Employment Commission payments, Texas Tomorrow Plan and outside scholarships.	numeric; right justified rounded to full dollar amounts if blank, will assume = 0	error if non-numeric error if >88,888

35. Enrollment adjustment percentage (EAP)	<p>If the student's cost of attendance (data element 27) or Total Family Contribution (data element 28) figures do not correspond to the time-period in which the reported financial aid was received, indicate the percent by which the COA or TFC or both should be multiplied to derive the appropriate figure. If only COA should be adjusted, leave the EAP for TFC at 000 and vice versa.</p> <p>Example: A student's recorded total family contribution figure is for 9 months but the student only attended one quarter. The EAP for cost (field 069) should be 033, indicating that in determining unmet need for this student, only 33 percent of the reported family contribution figure should be compared to the reported financial aid resources. You would leave field 070 as 000.</p>	<p>numeric; right justified rounded to full percentage points, no decimal points. Enter in 000 if cost and family contribution figures are correct for the period the student was enrolled.</p>	<p>error if non-numeric</p>

REVISIONS TO DATABASE REPORT FOR REPORTING FY 2006

✚ It was previously indicated that you will need to report merit, non-need based aid recipients along with your need-based aid recipients in fall 2006. This still has not been activated. You still must ONLY report students who received any type of need-based aid or any type of aid which required a need analysis, just as in 2005 reporting.

✚ It was previously indicated that you would need to add three fields to the beginning of each of your student records, identical to the CBM001 report. Our system inserted those fields for you last year and it will insert them this year as well. The codes as indicated previously are:

A – **Report Code** – an F;

B – **FICE** – your 6-digit fice code;

C – **Fiscal Year** – the 4 digit fiscal year that is being reported (ie 2006).

✚ Data Element 16 (Dependency Status) – added option 3 for unknown. This should NOT be used for 2006 reporting. If this option is to be used in the future, institutions will be notified;

✚ Data Element 31d (SMART Grant) – previously PSIG. This should NOT be used for 2006 reporting;

✚ Data Element 31e (TEG) - maximum changed to \$3,444;

✚ Data Element 31f (LEAP) – maximum changed to \$5,000;

✚ Data Element 31h (Merit-based aid funded by private donations to the institution) – This should NOT be used for 2006 reporting as previously indicated;

✚ Data Element 31i (Institution funded Merit-based Gift Aid) – This should NOT be used for 2006 reporting as previously indicated;

✚ Data Element 31m (Academic Competitive Grant) – previously a Filler. This should NOT be used for 2006 reporting;

✚ Data Element 31q (SLEAP) – maximum changed to \$5,000;

✚ Data Element 32f (Texas Work-Study Mentorship) – previously a Filler. This should NOT be used for 2006 reporting;

✚ Data Element 33a (Subsidized Stafford Loans) – maximum changed to \$8,500;

✚ Data Element 33b (Unsubsidized Stafford Loans) – maximum changed to \$18,500;

✚ Data Element 33e (HELP) – maximum changed to \$20,000;

✚ Data Element 33f (College Access Loan) – maximum changed to cost of attendance;

✚ Data Element 33i (Subsidized Federal Direct Loans) – maximum changed to \$8,500;

✚ Data Element 33k (Unsubsidized Federal Direct Loans) – maximum changed to \$18,500;

✚ Data Element 33l (BOT) – maximum changed to \$8,360;

✚ Data Element 34a (FILLER) - previously used for Teach for Texas Alt. Cert. Cond. Grant;

Graduate PLUS Loans will be collected for 2007 reporting, however, the field location has not yet been determined.

Frequently Asked Questions

Question 1. Which students should be included?

For fall 2005. All students who receive any type of need-based aid, or any type of aid which requires a need analysis (including unsubsidized loans) should be included -- residents and nonresidents; undergraduates and graduates; continuing education or regular students. If the student is receiving only an academic scholarship, which does not require a need analysis or is receiving a tuition waiver or exemption, which does not require a need analysis, he or she should not be included.

For fall 2006. It was previously indicated that you will need to report any and all merit- and need-based aid recipients in fall 2006. This still has not been activated; report students who received any type of need-based aid, or any type of aid which required a need analysis just as in 2005 reporting.

~~**For fall 2006.** All merit- and need-based aid recipients will need to be reported in fall 2006.~~

Question 2. Must all students receiving some type of tuition exemption, waiver or categorical aid be included in the database?

For fall 2005. Exemptions, waivers and categorical aid are generally not need-based awards. Such students would only be reported if they were ALSO receiving some type of need-based aid.

For fall 2006. Report just as you did in 2005, no change.

~~**For fall 2006.** Yes. All exemptions and waivers should be reported, which also means that they should NOT be treated as adjustments to Cost, but rather as awards from the school. The Cost of Attendance figures should be full cost, not cost adjusted for the exemption or waiver.~~

Question 3. Should students receiving Texas National Guard Tuition Assistance Program be included in the database?

For fall 2005. The Texas National Guard Tuition Exemption program is not a need based exemption. So, if the student is receiving ONLY that exemption, then he/she would not be included in the database. If the student is receiving that exemption as well as a need based grant/scholarship, then you would report the exemption portion of their award under Data element 029, Tuition Exemptions or Waivers or Fellowships.

For fall 2006. Report just as you did in 2005, no change.

~~**For fall 2006.** You will need to report them.~~

Question 4. What definition of academic year will need to be used for the report?

We will accept the school's definition of an academic year. However, it is imperative that the institution be consistent in reporting from year to year. Our statistics will be valid as long as they reflect a 12-month period, whenever that period begins or ends.

Question 5. If I report a TEG award to a nonresident, will my records be rejected?

Yes, you must report the student as either a resident or a National Merit Finalist (added as #4 under Residency Data element 018).

Question 6. We have many people (especially international students) who have no social security numbers. Could we just use nine zeros for the student identification numbers for all of them?

NO. Please use unique numbers for each individual. Since this database is often matched with other CB databases, you must use the SAME number you have used to report the student in either the CBM or TEXAS Grant Student-by-Student reports.

Question 7. What is the EASIEST way to have a student's record accurately reflect total income?

The easiest way is to enter the TOTAL INCOME you use for the student on the FISAP report as a response to Data element 2, and leave Data elements 3-13 blank.

Question 8. We are a community college, but we have students enrolled who have Bachelors, Masters or PhD's. How should they be classified?

They should be classified based on the course work they are taking at your institution.

 **Question 9. Can we use the FAFSA as our source of residency information?**

No. Public institutions should use the classification assigned by your registrar or admissions officer. *If you are using an electronic system, make sure you can tell the difference between nonresidents getting to pay the resident rate because of waivers and regular residents.* If you are a private institution you must also follow state residency laws and rules. The Coordinating Board can provide you a residency questionnaire for this purpose.

 **Question 10. Should students receiving only Educational Aides Exemptions be included in the data file? (If need is calculated based on the income method rather than the federal methodology, schools do not have all the demographic information included in a student record.)**

For fall 2005. If the only award the student received is an Educational Aide Exemption and they filed the FAFSA to determine eligibility, you need to include the student in the data file. You will receive an error for leaving all the other Financial Aid Fields (Data Elements 31a-34b) blank, but you will need to submit an e-mail with an explanation and your report will be accepted. If the only award the student received is an Educational Aid Exemption and they used their income tax form to determine eligibility, you would NOT include the student in the data file.

If the student received at least one other type of need-based aid, the student should be included in the file and the EA award should be shown in the exemptions and waivers field.

For fall 2006. Report just as you did in 2005, no change.

~~**For fall 2006.** You will need to report all students receiving EA awards.~~

 **Question 11. Are students receiving only PLUS loans to be reported? They no longer are required to have need analysis.**

Since PLUS no longer meets these criteria, you DO NOT have to report students who ONLY receive PLUS loans **in fall 2005.** **In fall 2006,** report just as you did in 2005, no change. ~~**In fall 2006** you will need to report them in data element 33d.~~

 **Question 12. Where should money that the institution uses to cover the shortfall between the state TEXAS Grant amount and Actual Tuition and Fees be reported?**

This should be reported in the field relevant to the funds (Pell for Pell, TPEG for TPEG. If institutional aid is used, report data element 31n (Other Grants or Scholarships).

Question 13. Where should The Houston Livestock and Rodeo Scholarship be reported?

It should be reported under data element 030 (Categorical Aid).

Question 14. How should summer costs/resources be handled?

They should be added in with regular semester costs/resources on an individual student basis. Be sure each student is reported only once for the academic year, but include all of the student's relevant costs and resources. DO NOT report nine-month and summer data separately for a single student. Although such an approach would not necessarily distort aggregate cost or resource

figures, the total number of students would be wrong, and all calculated average costs, resources, etc., would be significantly distorted.

Question 15. Is this strictly a 9-month report, or should summer be included?

This is an ACADEMIC YEAR report, and summer should be included. Make sure each student is reported only once, but that his/her cost and resource figures reflect his/her full period of enrollment during the relevant academic year.

Question 16. If my values fall outside the ranges indicated on the Coordinating Board's Data Elements and Edit Checks form, will my records be rejected?

Yes. The ranges used for our fields were based on program maximums, as best as we could determine them. If you have a student whose value legitimately falls outside our range, you will need to send us confirmation in writing that his/her value is correct. With such documentation, we can override the edits in our system. Contact us if you feel a range is incorrect.

Question 17. How should we report financial aid which is not handled by the financial aid office?

Use the same approach you currently use in making sure there are no over awards. If you package the aid or the student informs you of other resources, report them. These funds would probably be reported as "categorical aid" (data element 030) or "other scholarships or grants" (data element 31n).

Question 18. What information should be entered in the filler fields and how long should the filler fields be?

Nothing should be entered, unless you are advised by our office that a filler field has been activated. The filler fields are reserved for future programs. All data elements 27 through 34b are five digits long except data element 28, which is 6 digits.

Question 19. If the student marks "no" to the question on the free aid application regarding the release of information to the state, can the schools report the data?

Yes. You are submitting data to us for reporting purposes, not to determine whether the student is eligible for a state financial aid award.

Question 20. Do hyphens (-) or slashes (/) appear in the 9-digit student ID code?

No. All digits should be numeric. No punctuation should be added.

Question 21. For some institutions the reporting of income components will be more of a burden than reporting a summarized "Total Income" figure. Can the report be changed back to its earlier format?

Make it easy on yourself. The goal of the income questions on the Financial Aid Database is to allow us, by adding the figures in data elements 2 through 13, to derive a Total Income figure. If your current reporting system holds all the components, report all of them and we'll derive the total; if your current reporting system aggregates all of them, record your Total Income figure in data element 2 and leave the rest of the income fields blank. If your current system aggregates some of them, report the totals as best you can, using our format. The only way we will use your income figures will be in aggregate form. The specific numbers in data elements 2 through 13 will not matter.

Question 22. What do we do if the student refuses to give his/her ethnic origin?

In data element 14 (Ethnic Origin) we have modified the instructions to indicate that option 6 (other) may be used for foreign students OR for students refusing to report their ethnic origin.

Question 23. What ethnic origin should we report for international students?

Use option 6 to report international students. This option has been added to the report, but should be used for international students only. Use option 7 for students refusing to give their ethnic origins.

Question 24. I am uncomfortable reporting students with bachelor's degrees who are enrolled in undergraduate programs as graduates.

The range of allowed responses to data element 15 includes an option 4 for individuals who have at least bachelor's degree, but are enrolled in an undergraduate program of study.

Question 25. When is the report to be "as of"? That is, do we take classification from spring semester or fall?

Report fall classification for the year being reported. That is, for the 2003-04 academic year, you will need to report fall, 2003 classifications.

Question 26. How should persons stationed in Texas by the military be classified with respect to residency?

If their state of record with the military is not Texas, they must be reported as nonresidents, even if they are receiving waivers and are allowed to register by paying the resident rate. They are nonresidents. If their state of record with the military is Texas, they are Texas residents. *Make sure you can tell from your admissions/registrar's records whether an individual is a resident or simply a nonresident who gets to pay the resident rate.*

Question 27. Is a location code required for non-Texans?

Yes. A 3-digit location code is needed for all students in the database. If your reporting system does not include a Location code, you will need to add one for this report. State and country codes are available in the appendix to this manual. (See page 82.)

Question 28. Will individual addresses be shared with anyone, for instance, with the Legislature?

No. No individual data will be given out under any circumstances. Only aggregate data reports will be generated from the statewide financial aid database.

 **Question 29. If the student has no permanent address on file, can we use the local address or a PO Box number?**

As of Fall 2005, street addresses and city are no longer required.

Question 30. For data element 23, Enrollment Status, how are the terms defined?

Make sure your report is reflecting the following:

In general, for undergraduates:

full-time = at least 12 hours per semester

$\frac{3}{4}$ time = 9-11 hours per semester

$\frac{1}{2}$ time = 6-8 hours per semester

less than $\frac{1}{2}$ time = fewer than 6 hours per semester

For graduates:

full-time = at least 9 hours per semester

$\frac{3}{4}$ time = 7-8 hours per semester

$\frac{1}{2}$ time = 4.5-6 hours per semester

less than $\frac{1}{2}$ time = fewer than 4.5 hours per semester

Question 31. If the student's enrollment status is different from semester to semester, which term's enrollment status should we report?

Report the highest enrollment status of the student during the reported academic year.

Question 32. I do not collect the highest grade levels for my aid applicants' parents. Do I have to report it?

The current Free Application for Federal Student Aid now collects this information (questions 23-24). This is one of the few questions on the survey with a response option of "unknown". If you do not have the information available you should answer "unknown" and the answer will not be

challenged by our office. Please do what you can, however, to gain access to this information.

Question 33. Are the parents' highest grade level statistics needed for independent students or only for dependent students?

Both dependent and independent students, if available from the FAFSA. The Legislature has been known to propose grant programs targeted to "first-generation college students". This is our one source of this information.

Question 34. My reporting system is based on 9-month cost and family contribution figures. If a student fails to return in the spring, the system automatically adjusts the awards going to the student, but cost and family contribution figures are not revised in my system. What should I do?

You cannot just report the data as shown on your system, since they will indicate a significantly inflated unmet need for the student. The best way to handle it from OUR perspective is for you to go in and adjust your cost and family contributions to appropriately correspond to the time in which the student was enrolled and receiving aid. If your system does not allow you to do this with any ease, you will need to report an "Enrollment Adjustment Percentage" for Cost of Attendance and/or Family Contribution as indicated in data element 35a and 35b of the report. This is the percentage by which your cost and/or family contribution figures should be multiplied to derive accurate figures for the period of enrollment. The percentage is expressed in whole numbers (no decimal points). If the cost and/or family contribution figures do not need adjustment and are accurate for the student's period of enrollment, enter zeroes for data element 35a and 35b. If the cost only needs to be adjusted, but not the family contribution, enter the percentage in data element 35a and put zeroes in data element 35b and vice versa.

Question 35. If a student makes a refund, must the report reflect the NET award, or can the original award amount be used?

This is a year-end report. The student's NET award should be reported.

Question 36. If a student drops some hours, but continues to be enrolled, must we adjust the student's cost of attendance accordingly?

Only if the dropped hours has an impact on the student's financial aid package.

Question 37. Do we report all aid offered to the student, or only the aid accepted and actually used by the student?

Report only the aid accepted and actually used by the student.

 **Question 38. The cost figures we have in our system have already netted out any tuition exemption or waiver received by the student. Do we have to add exemptions or waivers back in to our cost figures to derive data element 27, just so we can then report them and have them taken back out at data element 29?**

We would prefer to work with FULL cost figures and FULL resource figures. If, however, doing so would create significant problems for you, just make sure nothing is double counted. That is, if your cost figure is a net figure, be sure you do NOT report an exemption or waiver amount in data element 29. ~~In fall 2006 you will need to report full cost and report exemptions/waivers as resources.~~

Question 39. Are tuition AND fee exemptions to be reported or only tuition exemptions?

Both tuition and fee exemptions should be included either as an adjustment to the cost of attendance or as a separately reported item in data element 29.

Question 40. Should graduate fellowships be reported in Tuition exemptions, waivers or fellowships or Categorical aid?

They should be reported with tuition exemptions, waivers or fellowships, data element 29.

Question 41. Should any of the awards listed for data elements 31a-31q (Grants and Scholarships) be included in data element 30 (Categorical Aid)?

No. Categorical aid is aid the student brings to the school (such as a PTA scholarship); the institutional aid office did not package such aid for the student (the school did not get to select the recipient.). Grants and Scholarships listed in data elements 31a-31q are awarded through the institution and should NOT be included in data element 30.

Question 42. Should JTPA be considered categorical aid and be reported in data element 30?

Yes.

Question 43. Where should VA benefits be reported?

Under categorical aid (data element 30).

Question 44. Must foreign students receiving only campus-based TPEG be reported?

Yes. TPEG must be awarded on the basis of financial need. The student's cost of attendance and resources will need to be reported, as used in determining his/her eligibility for the funds.

Question 45. For work-study, what should be reported, amount awarded or amount earned?

Amount earned.

Question 46. Should only state funds be reported or should matching funds be included?

You need to include state and matching funds.

THE REPORTING CYCLE

Sequence of Activities

Sequence of Activities Flowchart

Sequence of Activities

A. Our first step is done in April. We ask each Financial Aid Officer to confirm the “generic” e-mail address that begins with fadmail@institution or fad-mail@institution. We then update our file.

B. The institutions then submit their files to our office. They are sent electronically and the institution receives almost immediate confirmation that we have received the file. This does not mean that the file is correct; it simply means that the institutions’ transmissions were received.

C. Our computer edits are performed and an error listing is automatically generated. The notification to retrieve your error listing is sent to the generic e-mail address for each institution. The processing times are:

<u>Report in by</u>	<u>Edit report ready (approx)</u>
6:00 a.m	7:00 a.m
8:00 a.m	9:00 a.m
10:00 a.m	11:00 a.m
1:00 p.m	2:00 p.m
3:00 p.m	4:00 p.m
6:00 p.m	7:00 p.m

D. The school then makes corrections as indicated on the error listing and resubmits its file. We monitor the time delays in receiving responses from institutions. If more than 2 days pass between the sending of our error listings and the receipt of a response from the school, we will contact the institution through the generic email address. All edits need to be resolved by October 15 and your certification must be returned by November 1.

THE CYCLE IS REPEATED UNTIL ALL ERRORS HAVE BEEN RESOLVED.

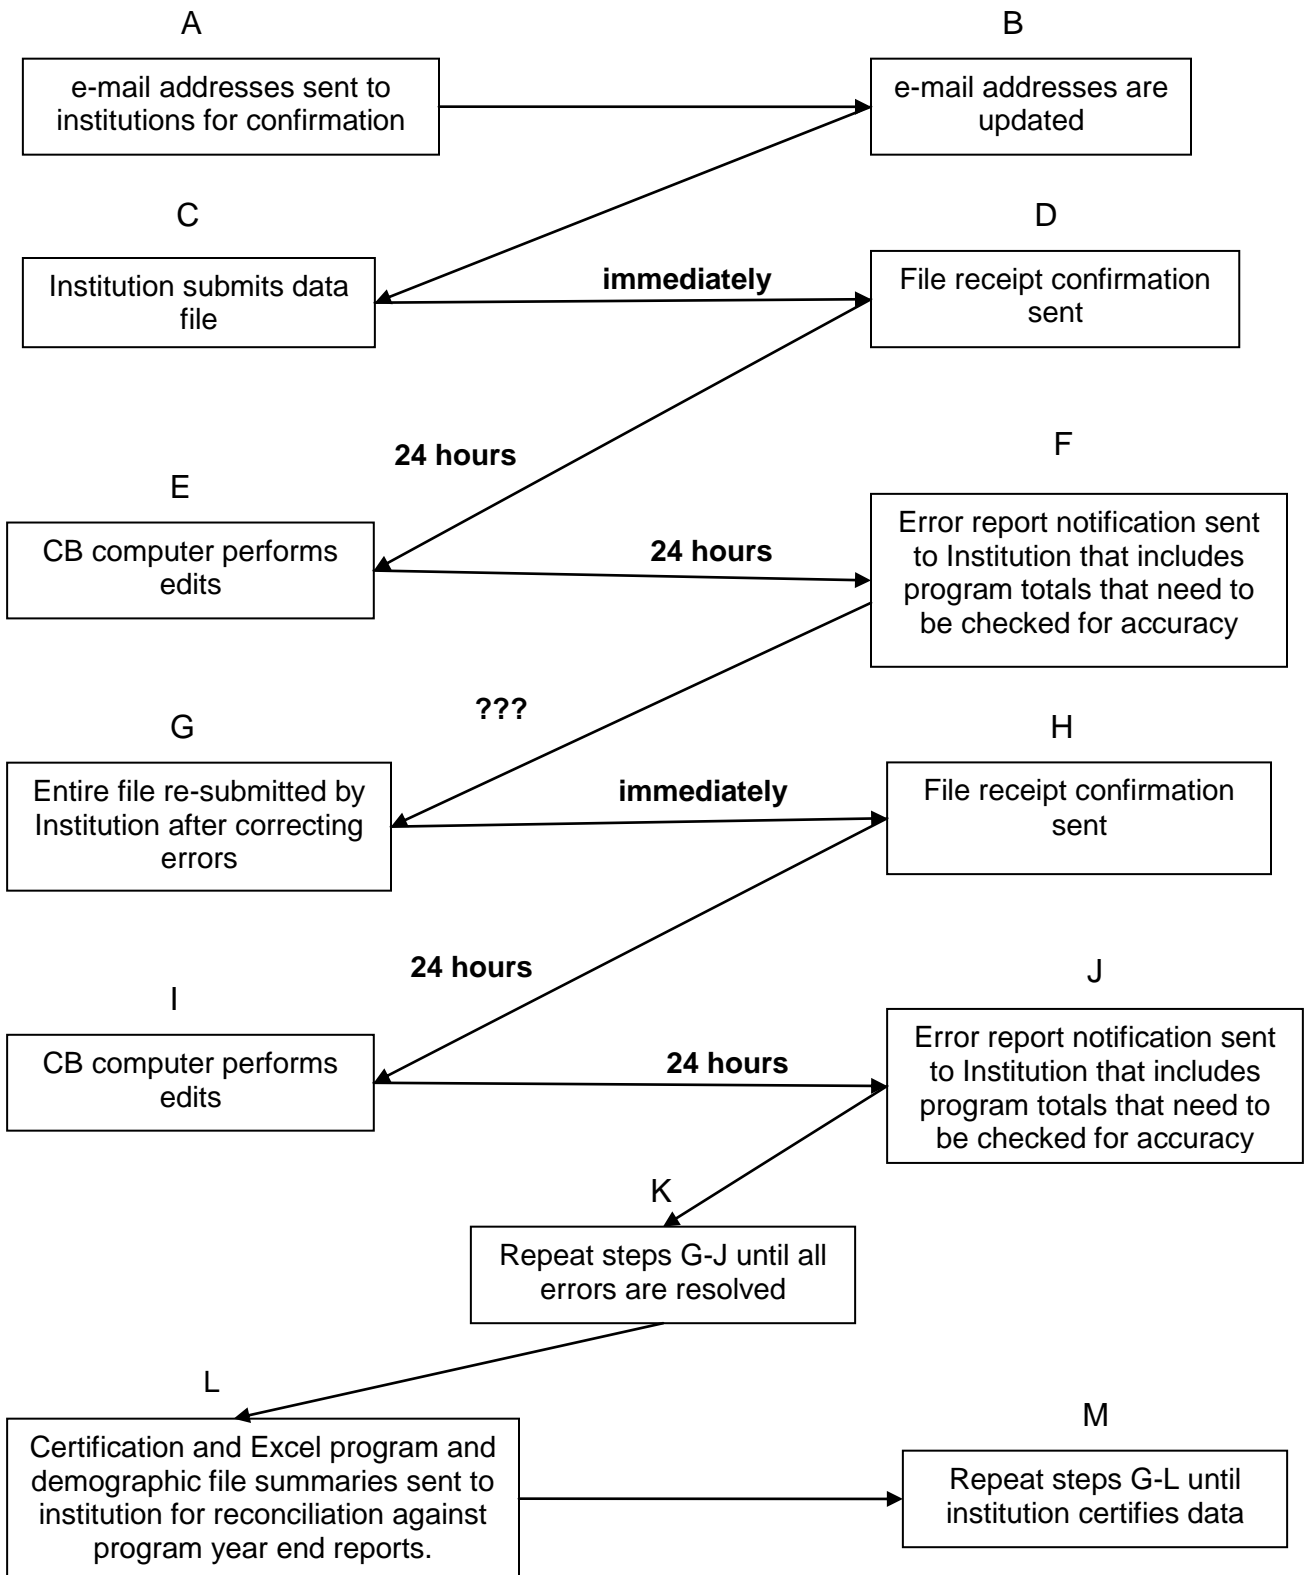

E. The steps mentioned above should eliminate the possibility of schools being unaware of the status of their reports. Therefore, we plan to send letters to Presidents of institutions on October 15 for institutions that have not yet completed their edits or submitted their report to us. A second (different) letter will be sent to Presidents on November 1 for those schools that have not yet submitted their certification.

F. Once your file is error free, a certification form and final Excel files are sent to you for review and signature. These are sent to the generic email address.

REMINDERS

Special Circumstances – Overriding our Limits: In those cases in which we have identified correct data as errors, you will need to send us something in writing that indicates the information is correct and that you authorize us to override our editing process to accept the unexpected value. The written statement should be e-mailed to Tanya Sifuentes at Tanya.sifuentes@theqb.state.tx.us. If such an override is used to resolve the final error(s) remaining in an institution’s file, the institution will be sent a copy of our message to Information Services, indicating the school’s report is now complete and may be added to the state’s database.

Header Record Example:

HY2K000781FAD00112006C036801500

		<u>Value</u>	<u>Position</u>	<u>Length</u>
Item #1	File Label-Id	HY2K	1	4
Item #2	Institution Code FICE - (Numeric)	6 digits (i.e. 000781)	5	6
Item #3	Data Identifier	FAD001	11	6
Item #4	Semester in which report is due (Numeric)	Fall = 1	17	1
Item #5	Year – YYYY (4 digits) State fiscal year covered by report (Numeric)	2006	18	4
Item #6	Record Type	(C)omplete Report	22	1
Item #7	Length of Data records (Numeric)	0368	23	4
Item #8	Number of Aid Applicants (Numeric) (i.e. 01000) (right justified and leading zero filled)	5 digits (i.e. 01000)	27	5

TRAILER RECORDS

Trailer example:
EOF100975

		<u>Value</u>	<u>Position</u>	<u>Length</u>
Item #1	File Label-ID	EOF1	1	4
Item #2	Record Count (Numeric)	Number of data records in file not including "Header" And "Trailer" records	5	5
	Reserved for Future Use (spaces)		10	71
Total Record Size				80

Using SFTP to Transfer Financial Aid Database Reports

Over the years the Texas Higher Education Coordinating Board has utilized various methods to collect the required educational reports. Initially, paper forms and round reel tapes were used to transport these reports. As the internet grew, so did the use of the FTP protocol as a means to transfer these reports. FTP is almost universally deployed on every computing platform from mainframe to PC. FTP has served quite well for this purpose; however, the Internet is becoming increasingly hostile and many organizations are adopting policies that prohibit the transfer of data over unencrypted channels. Secure methods of transferring data must be implemented to satisfy these demands.

The Coordinating Board will require and distribute reports with the Secure Shell (SSH) and Secure FTP (SFTP) combination beginning July 15, 2004. SFTP is a logical replacement for FTP. The SFTP user interface will be familiar for FTP users. SFTP provides a secure channel for file transfer without the overhead and complexity of separate public key-based encryption. In SSH/SFTP transfers, all username/password and data transfer occurs over an encrypted channel. SFTP will be implemented using usernames and passwords similar to the current FTP system. SSH/SFTP provides some flexibility for authentication; in the future username/password-based authentication can be supplemented with shared host keys permitting script driven transfers if needed.

Instructions for Usernames and Passwords

In order to submit FADS files, you must log into the SFTP server with a username and password.

FADS Username

If you are a FADS user, your username will be 'fasNNNNNN00' where 'NNNNNN' is your FICE code. For example, if your FICE code is 123456, then your SFTP username will be 'fas12345600'.

FADS Password

Your FADS reporting official may already have your institution's password for the sftp.thecb.state.tx.us server. If you require your initial password, you should contact the THECB official in the contact information section below. You may request your password through e-mail; however, passwords will only be distributed by voice call or postal mail. If you are requesting your password through mail, specify your name, phone, institution, and head reporting official. The THECB contact staff (below) will then call you to deliver your password. The passwords are the same as the passwords used for submitting your TEXAS Grant Year-End Student-by-Student Report.

Contact Information

The THECB staff contact for obtaining your password is:

Tanya Sifuentes. Her email address is tanya.sifuentes@thecb.state.tx.us, the phone number is (512)427-6123;

OR

Torca Bunton. Her email address is torca.bunton@thecb.state.tx.us, the phone number is (512)427-6532.

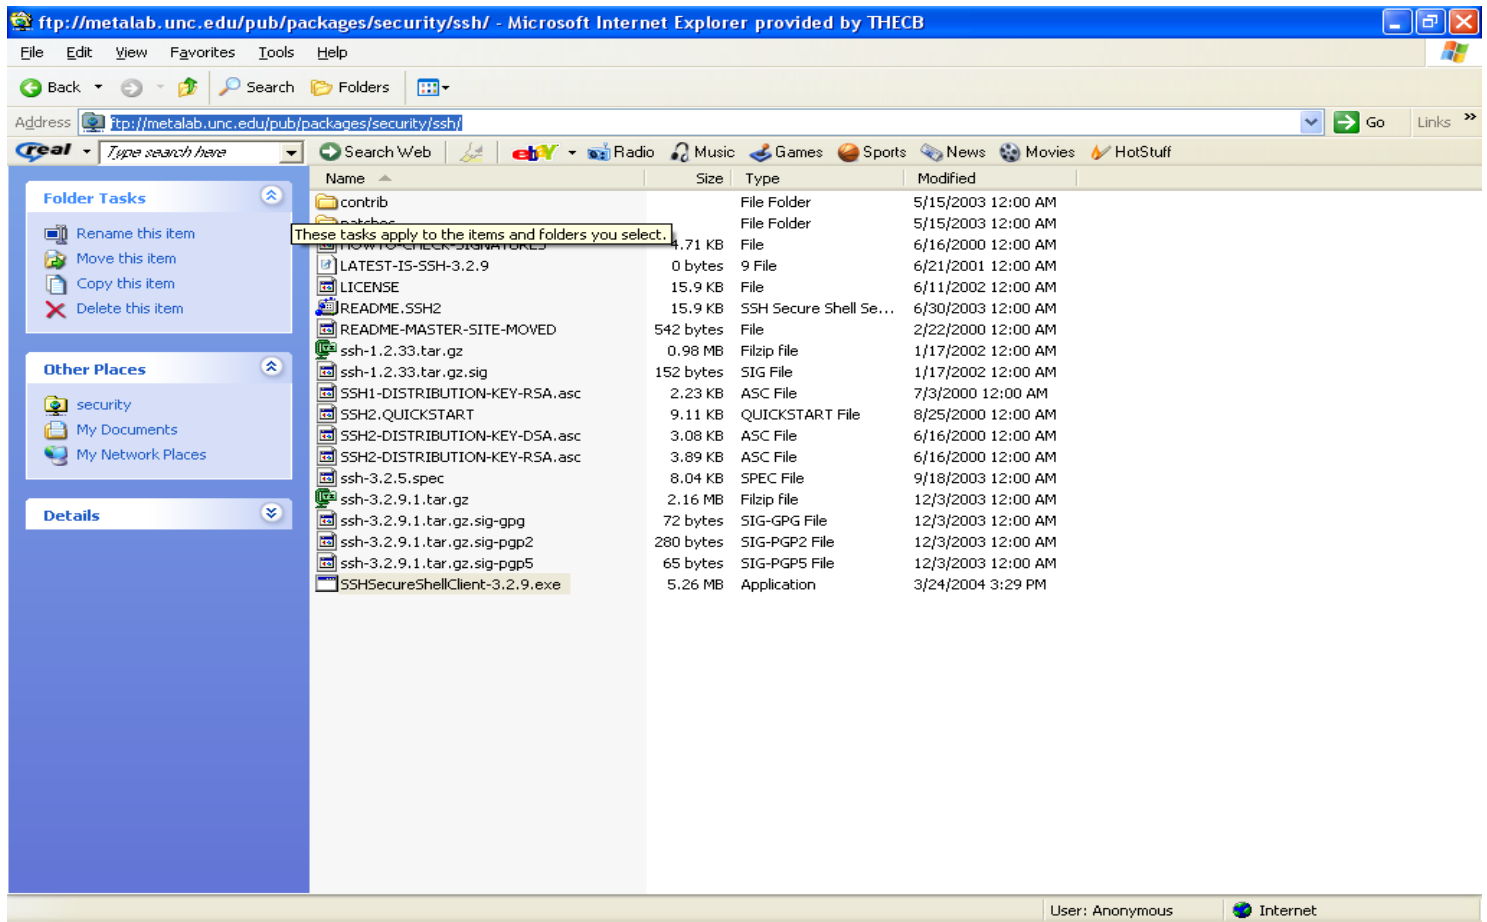

The requirements for connecting to the SFTP server are an SSH/SFTP client and an internet connection that permits SSH connections to internet servers. There are excellent commercial and free implementations of SSH/SFTP available for use on windows platforms. Your ability to connect to SSH servers on the internet is going to be contingent upon your network security policies. You may need to

contact your technical staff to determine if outbound SSH is permitted from your network. The following is the suggested downloadable SSH client to use for connecting to THECB SFTP.

SSH Secure Shell for Workstations – SSH Communication Security

SSH Secure Shell is an easy-to-use graphic SFTP client similar to the popular WS_FTP client for FTP servers. At the time of writing, the SSH Secure Shell license agreement allows use of the non-commercial version (3.2.9) available at the FTP site for educational institutions, non-profit organizations, and individuals for non-commercial use free of charge. Review the license agreement to determine if this is suitable for your environment. SSH.com has downloads for several operating systems on their FTP site. Windows users will require the installation file [SSHSecureShellClient-3.2.9.exe](#). Please note that the latest version of this software (4.0) does not have a non-commercial version available. Non-commercial versions of the SSH.com client can be found at <ftp://metalab.unc.edu/pub/packages/security/ssh/>

Here is the page you will be taken to after selecting the hyperlink above:

After linking to this web page, double-click the SSHShellSecureClient-3.2.9.exe application file to begin the automatic download of the SFTP client. After the download is complete, you will notice that 2 desktop icons have been installed on your PC. **You will only be interested in the icon entitled “SSH Secure File Transfer Client”.** You can disregard the other icon entitled “SSH Secure Shell Client”.

SSH Secure File Transfer Client

If you are using SSH.com’s SSH Secure Shell for Windows Workstations, execute the following steps to connect to the server.

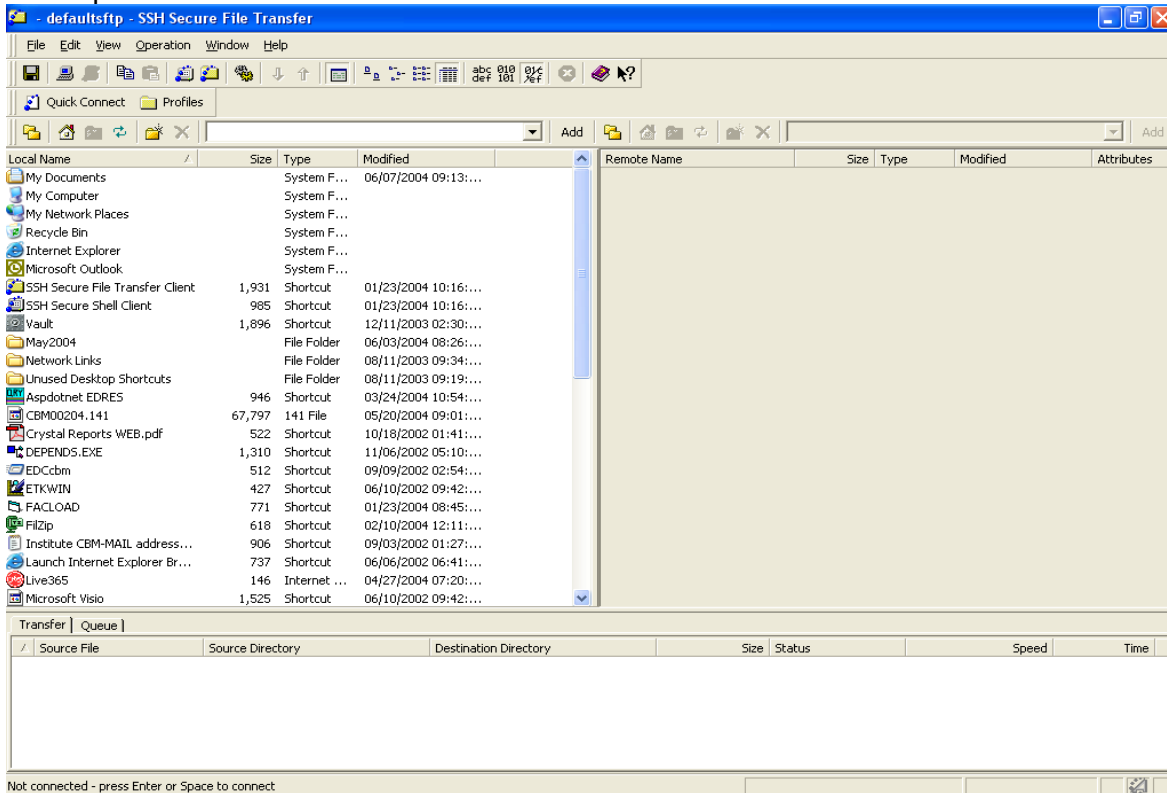

1. Start the “SSH Secure File Transfer” client by clicking on the desktop icon or selecting it from the start menu.
2. You must enter the Host Name, Username, Port Number and Authentication method as described in the **SSH First Time Setup** below.
 - a. Then, a “message from server” dialog box appears; select OK
 - b. Then, enter your password in the password dialog box.
3. At this point you should be connected. Your local files will appear on the left and files on the remote SFTP server will appear on the right. You will need to browse the files on your local machine and drag them to the right to transfer them to the SFTP server. When a transfer is in progress, a transfer progress display will appear at the bottom.

SSH First Time Setup

1. Open SSH Secure File Transfer Client (icon)
2. Click on Quick Connect
 - a. Enter Host Name: sftp.thecb.state.tx.us
 - b. Username: fas12345600 (*Replace 123456 with your FICE code*)
 - c. Port Number: 22
 - d. Authentication Method: <Password>
3. After the initial connection you will want to add the connection to the profile to simplify future connection. You should see a blinking ‘Add to Profile’ in the dialogue box above the OUTPUT folder in the right pane. Click it, change the name to something like “thecb-sftp,” and click ‘add to profile.’ After this you should be able to connect by clicking the Profiles tab on the menu bar, then selecting your saved “thecb-sftp” profile, then entering your password directly without re-entering the hostname, username, port, authentication method.

Transfer Files

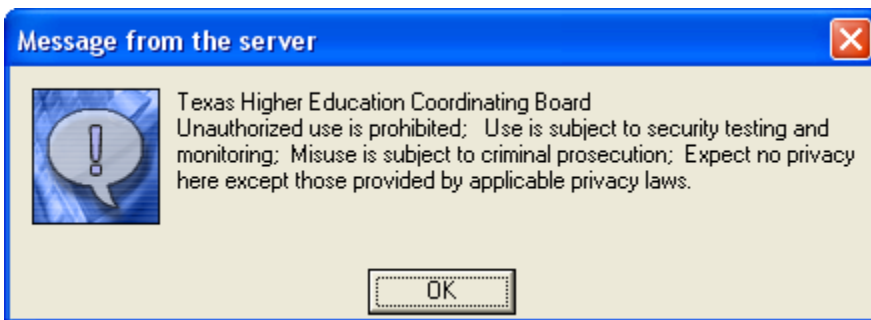

The picture below is the first in the series of steps described above to log into the SFTP server. This picture is of what you will see upon double-clicking the SSH Secure File Transfer Client icon on your desktop.

Next, select the "Quick Connect" tab on the menu bar and you will be prompted with a "Connect to Remote Host" dialog box, as seen below. At this point, enter the host name just as you see it below. Then, enter your user name as "fas" followed by your institution's FICE code plus two zeroes. Be sure to include the leading zeroes in your FICE code. Example: if your FICE code is 003614, then your username will be "fas00361400." Leave the port number and Authentication method selections as you see them below.

After successfully navigating the "Connect to Remote Host" dialog box (hit the "Connect" button), you will be prompted with an informational dialog box as seen below. Select "OK."

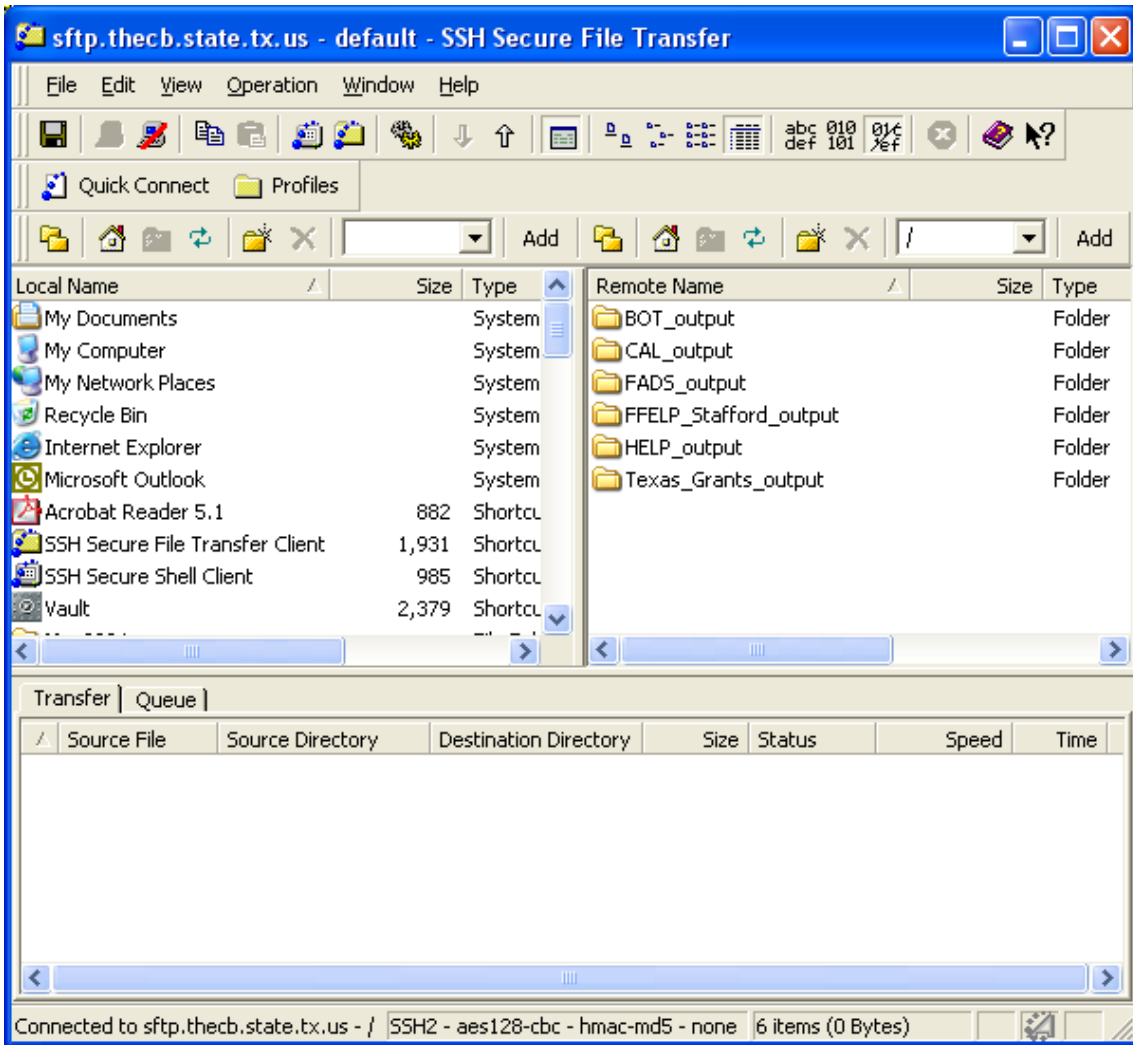

Now, you will be prompted for your password as seen in this next dialog box. If you need this password, call Tanya Sifuentes at 512-427-6123 or Torca Bunton at 512-427-6532 and they will provide it to you.

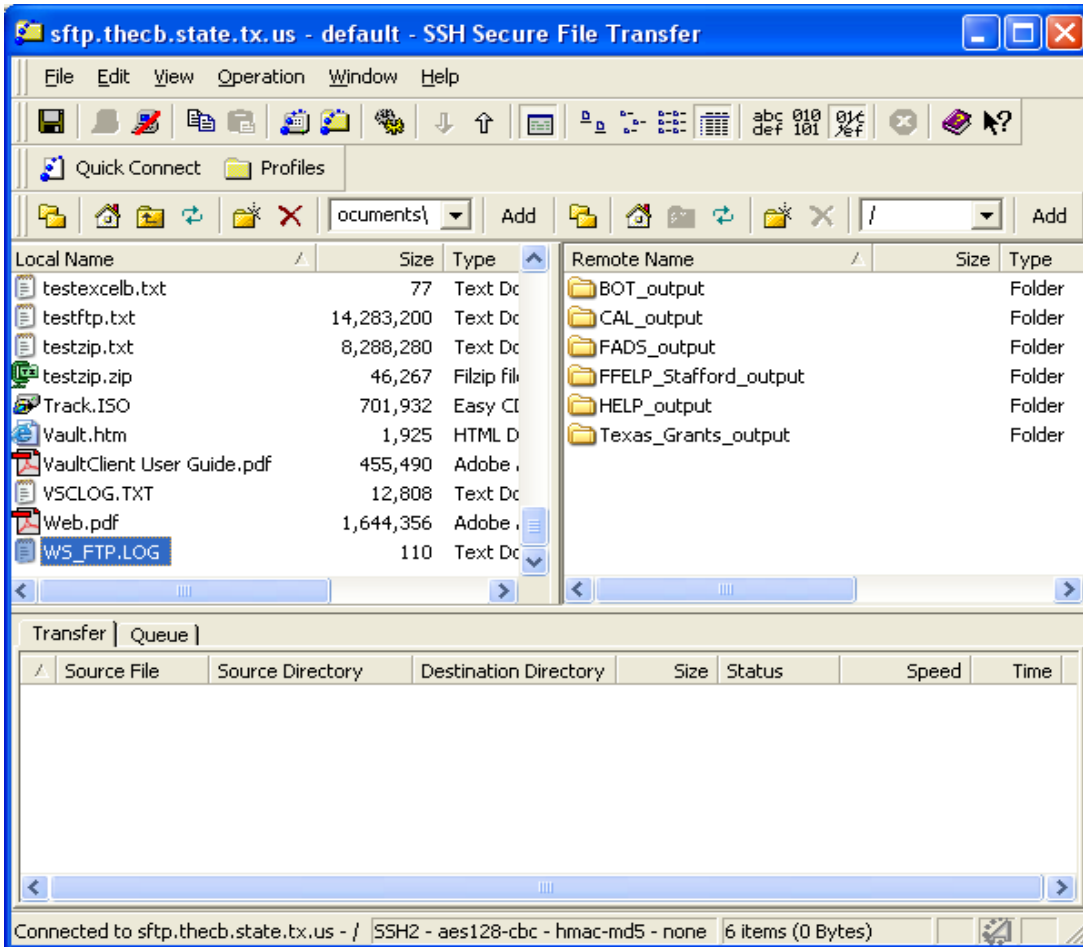

NOTE: The key exchange process of secure shell provides some protection against spoofing and man-in-the-middle attacks. If you attempt a transfer and get a message indicating that the server's key has changed without prior notification from THECB, you should treat the connection as suspicious and contact **network security.**

After successfully entering your password, you will see the next screenshot. Notice the "/" in the far right "drop down" list box above the OUTPUT folder in the right pane. This represents your INPUT folder on the SFTP server. You are automatically logged into the INPUT folder each and every time you log in to the SFTP server, regardless of which folder you intend to access (i.e., INPUT or OUTPUT). What you are looking at in the right pane of this screenshot is similar to a Windows Explorer view. The "/" represents a top-level folder (INPUT in this case) and the OUTPUT folders you see below that in the right pane represents varying financial accounts subordinate folders. Thus, if you intend on "submitting" a file to the

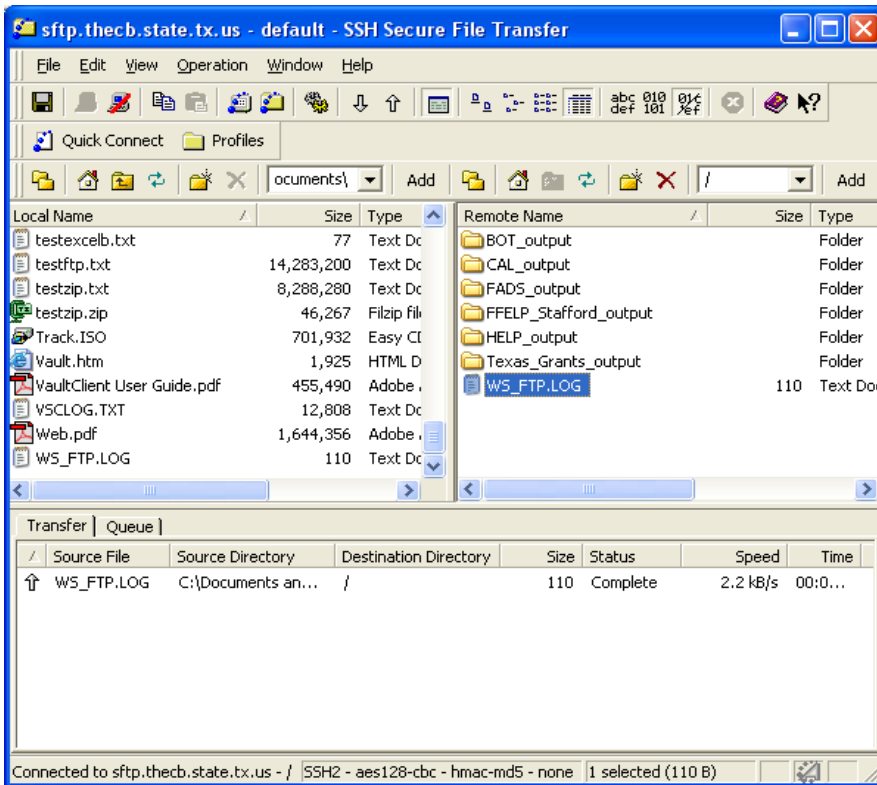

THECB, then you will drag your file from the leftmost pane of this view and drop it onto the empty white space of the right pane. If you drop this file on top of the OUTPUT folders, you will be inadvertently placing your submission in your OUTPUT folders, whereby it will not be picked up and processed by our pre-edit application.

As depicted below, the highlighted file at the bottom of the left pane in this screenshot represents a file which is intended to be "submitted" to the THECB SFTP server. NOTE: You are still in your INPUT folder at this point (notice the "/" in the drop down list box above your OUTPUT folders). The highlighted file below must be dragged (with the left mouse button depressed) over to the empty white space in the right pane. This will place a copy of the file in your INPUT folder on the SFTP server. It will then be picked up and processed by the pre-edit application. Also, within 30 minutes of placing your file on the SFTP server, you should receive a "file receipt notification" email. If you notice that you have not received this notification email, please call your data analysts to discuss this with them.

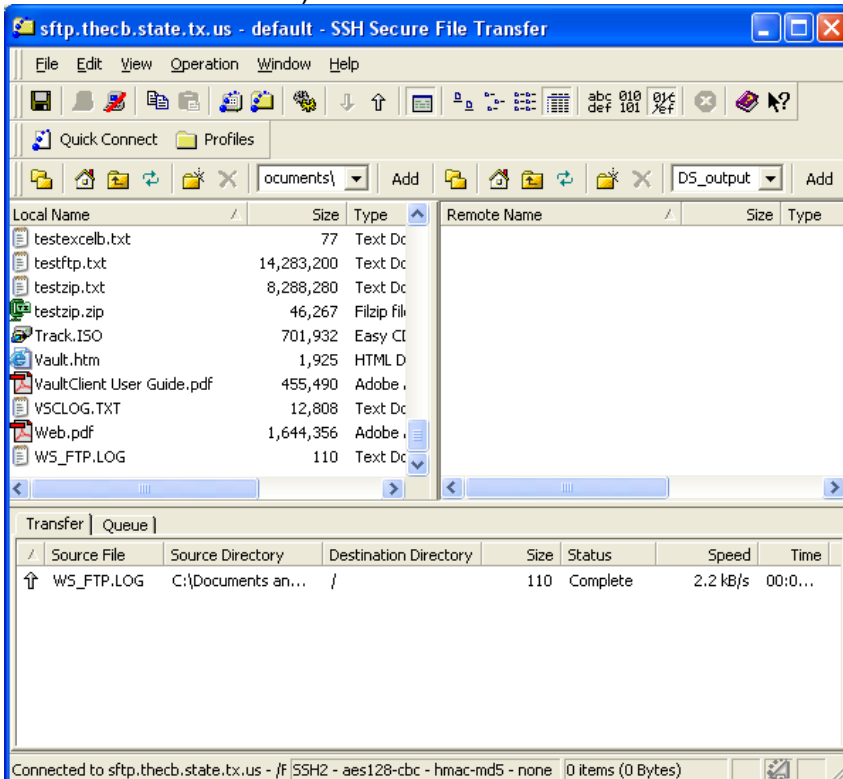

As seen on the screen shot on the next page, you will notice that the file you selected and highlighted has been placed in your INPUT folder after dragging and dropping it into the right pane. You are still in your INPUT folder at this point. The file submission is complete and if you have no other files to transfer, then you can select the "disconnect" icon in the menu bar to exit this SFTP application. The disconnect icon will be the third button from the left under the "File" menu. It looks like a computer monitor with a red line through it.

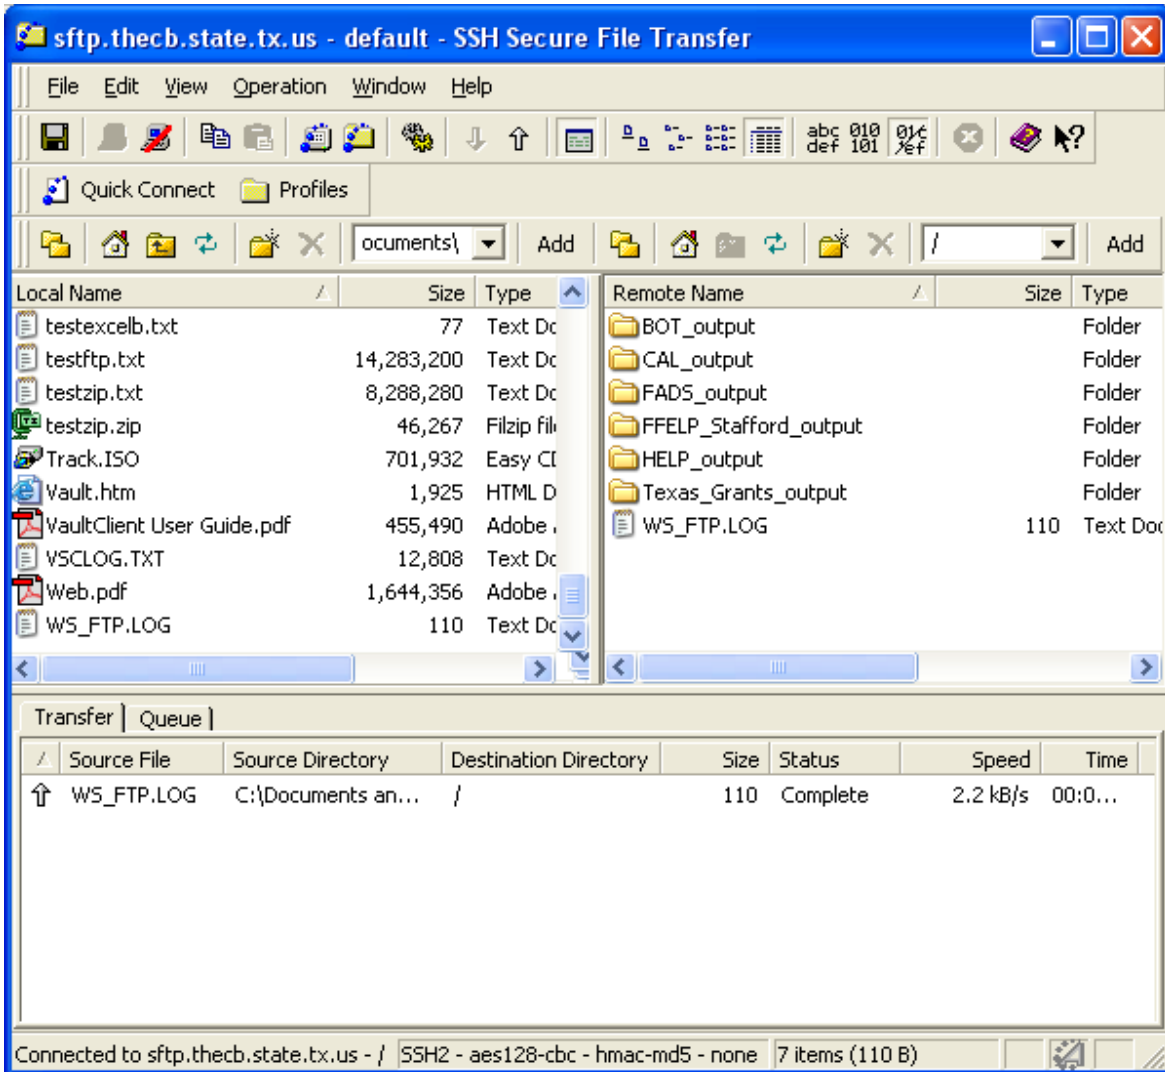

Retrieve Files

As seen below, if you wanted to go to your OUTPUT folders to retrieve reports, then you would double click the OUTPUT folder you intend to see (e.g. FADS_OUTPUT in this case) in the right pane. The drop down dialog box above the right pane would change to "/FADS_OUTPUT". At this point, you would be looking at all the output reports that have been placed in your FADS OUTPUT folder by the pre-edit application (none in this case at this time).

If you have been in your OUTPUT folder on the SFTP server and would like to get back to the INPUT folder, then you would select the "up arrow folder" icon located just above the right pane and four icons to the left of the drop down dialog box.

As seen below, you are now back in your INPUT folder after coming from the OUTPUT folder.

At this point, if you are finished transferring files to/from THECB's SFTP server, just disconnect and exit the application.

NOTE: Please disconnect promptly from the SFTP session after successfully transferring your files. Staying connected to the SFTP server will cause your transferred files to be inadvertently deleted off the server by a synchronization process that runs on the server. Also, please do NOT log into the SFTP server at the :03 minute and :33 minute times of the hour because that is when the synchronization process runs; it will for sure delete your transferred files at that precise moment if you are logged into an SFTP session at those two times.

DATA ENTRY INSTRUCTIONS FOR ENTERING INTO THE FADS ONLINE WEB SYSTEM (for Institutions without Programming Support)

Welcome to the FADS Web System, to be used if your institution is unable to create an independent file to SFTP to the Coordinating Board. You create your FADS report by entering your student's records online using the Coordinating Board web system. This is not something that can be used to download information into from another program.

Go To www.thecb.state.tx.us, click on Data and Statistics, click on Financial Aid Database System (FADS) or go to <https://www1.thecb.state.tx.us/FAD/>

The first screen you will see (shown below), will ask you to enter in your institution's six-digit FICE code and password. The password is the same password you have used to process your FADS report. If you don't have a password, you can e-mail Tanya Sifuentes at fadsadmin@thecb.state.tx.us.

The screenshot shows a Microsoft Internet Explorer browser window displaying the Financial Aid Database Data Entry System login page. The browser's address bar shows the URL <https://www1.thecb.state.tx.us/fad/>. The page header includes the Texas Higher Education Coordinating Board logo and the text "Financial Aid Data Base". Below the header is a navigation menu with "HOME", "SEARCH", and "COMMENTS AND QUESTIONS". The main content area features a "Welcome to the FADS Data Entry." message, followed by instructions to enter the institution's FICE code and password. A "Please Login:" section contains two input fields: "Fice Code (6 digits):" and "Password:". Below these fields are two buttons: "Log-in" and "Reset". The browser's status bar at the bottom indicates "Internet".

Welcome to the FADS Data Entry.

Please key in your institution's fice code and your password below to enter the system. If you don't know your institutional password, contact Tanya Sifuentes at the Texas Higher Education Coordinating Board.
You may send an e-mail to [FADS Info](mailto:fadsadmin@thecb.state.tx.us).

Please Login:

Fice Code (6 digits):

Password:

Internet

You have three options (shown below is the first screen):

1. If it is the first time you are entering into the system, you will need to click on the “Add New Student” button;
2. If you have already entered students into the system, and you need to edit a student’s information, click on the student’s ssn at the bottom of the screen;
3. If you have finished entering students into the system, click on the “Report” button and your records will be submitted to the CB (this will be covered later in the manual).

TEXAS HIGHER EDUCATION COORDINATING BOARD

STUDENT-BY-STUDENT ONLINE DATA ENTRY SYSTEM

HOME | SEARCH | COMMENTS AND QUESTIONS

DATA ENTRY SCREEN INSTRUCTION MANUAL ([PDF](#)) ([MSWORD](#))

To **ADD** a new student, click the "Add New Student" button at the bottom of the screen.

To **SUBMIT** your entire report for editing, click the "Report" button at the bottom of the screen (done only after you have entered in all of your student records).

To **VIEW, EDIT or DELETE** an individual Student's Record, click on a student's social security number below.

To **SEARCH** for a student by social security number, enter the SSN in the text box below and click on the "Search Button"

Below are the student records entered for your institution:

SSN	Student Income	Spouse Income	SS Benefits	AFDC or ADC	Child Support Received by Student	Student's Other Untaxed Income	Father's Income	Mother's Income	Parents' SS Benefits	Parents AFDC, ADC	Child Support Received by Parents	Parents' Other Untaxed Income	Ethnic Origin	Classification	Dependency Status
555889999													White-Non-Hispanic	Undergraduate	Dependent-Title-IV

Before you click on the REPORT button to submit your file for editing:

Enter the number of aid applicants (5 digits with leading zeroes):

(This number comes from your FISAP Report and is the number of students that applied for aid).

1. The screen below is what the beginning of a blank form looks like.

Done

If you hover over the name of the field, you will see help information.

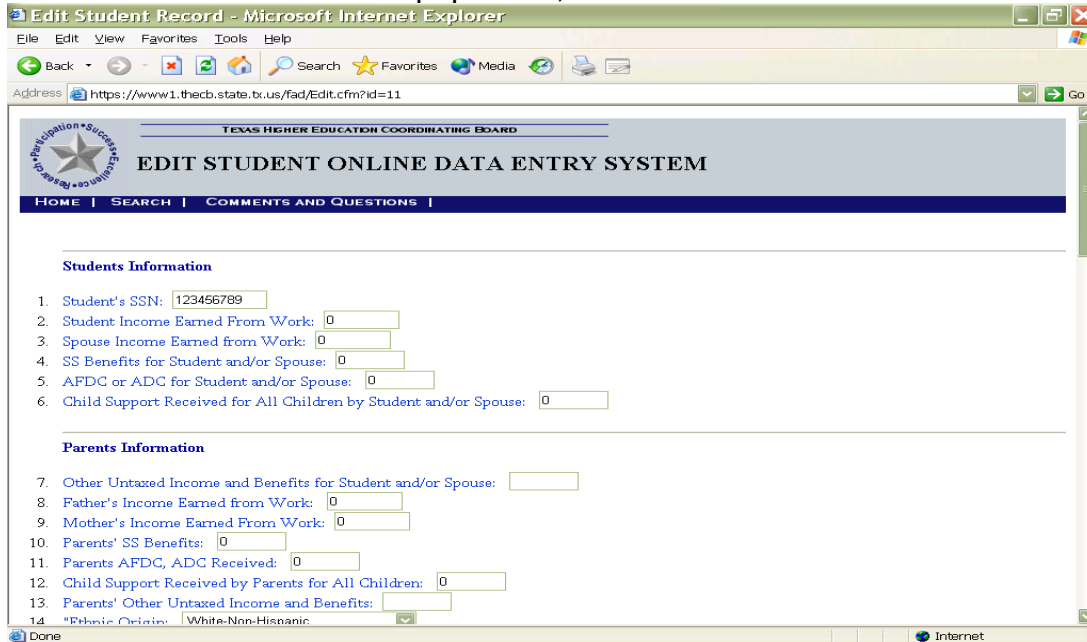

Done

Once you have finished entering information for one student, click on the Add Student button at the bottom of the screen. Click on Add New Student at the bottom of the main page to continue entering information for another student.

2. At the bottom of the main page all of the student's that have already been entered will be shown, see below. Click on a student's ssn if you need to edit that student's record or if you need to delete that student's record from the system.

SSN	Student Income	Spouse Income	SS Benefits	AFDC or ADC	Child Support Received by Student	Student's Other Untaxed Income	Father's Income	Mother's Income	Parents' SS Benefits	Parents' AFDC, ADC	Child Support Received by Parents	Parents' Other Untaxed Income	Ethnic Origin	Classification	Dependency Status	Date of Birth	Count Code + Perman Address
123456789	0	0	0	0	0		0	0	0	0	0		White-Non-Hispanic	Undergraduate	Dependent-Title-IV	Resident	001
222888333	0	0	0	0	0		0	0	0	0	0		White-Non-Hispanic	Undergraduate	Dependent-Title-IV	Resident	001
456395784	25												White-Non-Hispanic	Undergraduate	Dependent-Title-IV	Resident	
456398888	30	25	30	50	60								Hispanic	Undergraduate	Dependent-Title-IV	Resident	
558829474													White-Non-Hispanic	Undergraduate	Dependent-Title-IV	Resident	
558899999													White-Non-Hispanic	Undergraduate	Dependent-Title-IV	Resident	
692863845													White-Non-Hispanic	Undergraduate	Dependent-Title-IV	Resident	

When you click on the student's ssn to edit or delete their record, you will see the data entry screen with their information populated, shown below.

3. Once you have finished entering all of your student records and you are ready to submit your report for editing by our system, enter in the number of aid applicants at the bottom of the main page. Then click on the "REPORT" button.

DATA ENTRY SCREEN INSTRUCTION MANUAL ([PDF](#)) ([MSWORD](#))

To **ADD** a new student, click the "Add New Student" button at the bottom of the screen.

To **SUBMIT** your entire report for editing, click the "Report" button at the bottom of the screen (done only after you have entered in all of your student records).

To **VIEW, EDIT or DELETE** an individual Student's Record, click on a student's social security number below.

To **SEARCH** for a student by social security number, enter the SSN in the text box below and click on the "Search Button"

Below are the student records entered for your institution:

SSN	Student Income	Spouse Income	SS Benefits	AFDC or ADC	Child Support Received by Student	Student's Other Untaxed Income	Father's Income	Mother's Income	Parents' SS Benefits	Parents AFDC, ADC	Child Support Received by Parents	Parents' Other Untaxed Income	Ethnic Origin	Classification	Dependency Status
555889999													White-Non-Hispanic	Undergraduate	Dependent-Title-IV

Before you click on the **REPORT** button to submit your file for editing:

Enter the number of aid applicants (5 digits with leading zeroes):
 (This number comes from your FISAP Report and is the number of students that applied for aid).

Your records will be submitted to the CB and you will receive a file receipt confirmation, just as if you had submitted your report by SFTP. Once the report has been processed, you will receive an error report.

If you have any questions or problems, you can contact us at fadsadmin@thecb.state.tx.us.

Frequently Asked Questions

IV. RELATED TO TECHNOLOGY AND TRANSMITTING YOUR FILES

FORMAT

Question 1. My office has very little computer support. Can I submit my report on paper?

No. Since no funding was provided to support the development of the statewide database, we cannot hire data entry clerks to enter your information onto our system.

For schools with computers but no programmers to massage the data already on file, the simplest approach to meeting this reporting requirement will be to use the online data entry screen located at www1.thecb.state.tx.us/FADS/. Instructions are provided on page 49.

TRANSMITTING DATA

Question 2. How will the electronic transfer of our financial aid data be accomplished?

Files must be submitted to the Coordinating Board either by:

- SFTP (Secured File Transfer Protocol), see instructions on page 39; or
- Data entering student records onto our website at www1.thecb.state.tx.us/FADS/

Question 3. How is data to be submitted to the Coordinating Board?

Data MUST be submitted in computer-readable form. No funding was provided by the Legislature to hire data entry clerks who could work with paper reports. Data should be submitted to the Coordinating Board through use of an electronic network. Among the most familiar network is the Internet. If you are a public institution, your reporting official has probably been sending its CBM reports to the Coordinating Board using one of the networks. Data must be submitted as ASCII text files.

Question 4. What should we do when we have data ready to send to the Board?

If your school has ANY Internet connections on campus, use those connections to send your data. Instructions for using Internet connections are enclosed in this manual.

If your school has NO access to Internet, contact Tanya Sifuentes at tanya.sifuentes@thecb.state.tx.us.

Question 5. What is the Coordinating Board doing to secure our student records?

Files that are submitted to the Coordinating Board are now transmitted over our Secured File Transfer Protocol. The new process ensures that all files are secure.

TIMING

Question 6. When is the transmission of data due?

The annual report will be due on October 15 of each year and will cover your financial aid activities during the previous academic year. Submission of the report is recommended as soon as your institution can submit. THIS IS THE FINAL DEADLINE TO HAVE A COMPLETED PASSED VERSION OF ALL YOUR DATA!!!

Question 7. How will I know I am ready to submit data?

The report is a year-end report and covers the previous academic year. Your data may be submitted at any time after your academic year has ended and you have completed your files. The LATEST you can submit your data is October 15 of each year. We urge you to submit it as soon as possible after the close of your academic year, but no earlier than July 1, the start of our processing year.

HEADER RECORD

Question 8. What institution code should be used in the header record?

The six-digit "FICE" code assigned by the federal government. (This is the same identification number submitted on grant and loan applications. An example would be 003604 for Rice University.)

Question 9. What about the name and e-mail address of the contact person?

You are no longer required to include the name and e-mail address. Please remove this from your header record. We keep separate records of the contact person and the "generic" e-mail address.

ELECTRONIC CYCLE

Question 10. What will happen when we submit data?

When data are submitted to the Coordinating Board, they will be run through an edit program, which will check to make sure your file is compatible with our required format in terms of spacing, field lengths, order of data elements and justification (numbers are right justified; alphabetic fields are left justified). The edit program will also check to make sure the figures you are submitting fall within acceptable ranges.

If errors are detected or your data appear questionable, you will be sent a notification (by electronic network), which will indicate the location of your error report. Your error report will list which fields are in error or have values we believe need review. Error messages must be corrected; warnings should be reviewed for accuracy.

You must then resubmit the ENTIRE file once the noted errors have been corrected. None of your students' data will be added to the statewide database until all of your errors have been eliminated in this fashion. A file with warnings can be accepted. See page 35 of the manual for a flowchart of the reporting cycle.

TRIAL RUN

Question 11. Is there a way for me to do some trial runs before trying to submit my full report in fall?

YES. In fact, ALL schools are encouraged to submit a set of sample records prior to submitting their full report. The sample records may be "dummy" (*i.e.*, made up) or valid for the current year. The purpose of the trial run will be to provide time to iron out any problems in record keeping or data transmission long before the final report is due.

Question 12. What should we do when we have data ready to send to the Board?

You should check your data first, to make sure it is formatted to be accepted by our system. Have the financial aid office check your data, to make sure it accurately reflects the activities of his/her office. Once the information is correct, you should SFTP your report.

EDITS/ERRORS

Question 13. When we submit our reports to the Board, will our correct data be accepted and only our errors be rejected?

No. Only full reports with no errors will be added to the statewide database. If you have errors in your report, your full report will be rejected. An error report will be generated, indicating which records have errors, and indicating the fields in which the errors exist.

Question 14. When we have provided the Coordinating Board proof that field values rejected by the system are actually correct, how will we know when our report is complete?

We will do two things. 1) We will send you a copy of our e-mail to data processing, advising them to allow the file to be accepted based on information received from your office, 2) you will be sent a demographic and program summary report along with a certification memo that is to be completed and returned to us after reviewing your data.

SAMPLE CERTIFICATION OF SUMMARY REPORTS

TO: Director of Financial Aid Addressed

FROM: Tanya Sifuentes
System Support Specialist
Texas Higher Education Coordinating Board

SUBJECT: Certification of Data Submitted through the Financial Aid Database for FY06

The attached files are summary reports generated from your FY06 Financial Aid Database. Please review them and make sure they accurately reflect the activities of your office. Our editing process allows us to check for values that fall within acceptable ranges (for instance, no more than \$1250 for LEAP). Only you can determine whether the approved data are appropriate for your school (for instance, that you had 500 LEAP awards last year). **Pay special attention to the row labeled "CB In-house Reports:" on the program summary report spreadsheet. This data is from your FY2006 year-end reports and from mainframe reports for the following programs:**

TEG	LEAP	Nursing Scholarships	TCWSP
SLEAP	TEXAS Grant	TEOG	

For the database numbers to be correct, the two data sets must be in agreement. For example, if you reported \$2,000 and 2 awards when you submitted your Texas College Work-Study Program Year-End Report, those same numbers should appear on the database. If the numbers are not consistent, you will need to correct the report that is not accurately reflecting your figures, whether it be the Financial Aid Database Report or the CB reports. Please let me know which report you will be correcting.

If you have any questions regarding the information contained in these files, please feel free to contact me. These attachments are being sent to you in excel format.

A certification form is included at the bottom of this e-mail, which we ask you to complete and return to us as soon as you have reviewed the information in the excel files and believe it is correct. You are not being asked to certify the unmet need calculations at the end of the program summary report. We understand that you are unable to verify that data. When we receive your completed form, we will consider it to be your certification for the data.

If the data does not seem correct, correct the relevant records and resubmit your database file. It will override any files for FY06 previously received for your school. Once the edits are clear again, we will re-send you the reports and a new certification form. Thank you for your cooperation.

CERTIFICATION STATEMENT FOR OUR FY06 FINANCIAL AID DATABASE REPORT

I hereby certify that I have reviewed both summary reports returned to me by the Coordinating Board, and that they accurately reflect the activities in our office for the 2005-2006 academic year.

Institution Name/Fice Code:

Today's date:

Financial Aid Officer responding to this survey:

Phone number of respondent:

E-mail address of respondent:

Please submit this completed form **ASAP** by e-mail at tanya.sifuentes@thehb.state.tx.us. Thank you!

SAMPLE PROGRAM SUMMARY REPORT IN EXCEL

The first total line represents totals of each column; the second line labeled "CB In-House Reports" are the totals we have from the year end reports submitted by your institution. The only programs that need to be reconciled against the year end reports are Private LEAP, TEG, State Nursing, TX Grant, TEOG, SLEAP and Texas College Work-Study.

Institution	Fice Code	Gender	Ethnic Group	Unduplicated Number Of Aid Recipients	Aggregate Cost of Attendance	Aggregate Family Contribution	Number Receiving Tuition Ex/Waiver	Aggregate Value of Tuition Ex/Waiver	Number Receiving Categorical Aid	Aggregate Categorical Aid

CB IN-HOUSE REPORTS

FORMULAS OF CALCULATIONS USED ON PROGRAM SUMMARY REPORT

Before coa or efc is used in calculations it is multiplied by enrollment adjustment percent (data element 35a and 35b).

Column Name	Formula used
Aggregate Cost of Attendance	Total of data element 27 (cost of attendance) * [data element 35a (enrollment adjustment percentage for COA) / 100]
Aggregate Family Contribution	Total of data element 28 (total family contribution) * [data element 35b (enrollment adjustment percentage for TFC) / 100]
Number Receiving Tuition Ex/Waiver	Number of records with data element 29 (Tuition Exemptions or Waivers or Fellowships) > 0
Aggregate Value of Tuition Ex/Waiver	Data element 29 total – Tuition Exemptions or Waivers or Fellowships
Number Receiving Categorical Aid	Number of records with data element 30 (Categorical Aid) > 0
Aggregate Categorical Aid	Data element 30 total – Categorical Aid
Number Receiving Pell Grant	Number of records with data element 31a > 0
Aggregate Value of Pell Grant	Data element 31a total – Federal Pell
Number Receiving SEOG	Number of records with data element 31b > 0
Aggregate Value of SEOG	data element 31b total – Federal SEOG (including match)
Number Receiving On-Campus TPEG	Number of records with data element 31c > 0
Aggregate Value of On-Campus TPEG	data element 31c total – TPEG (On-Campus)
Number Receiving TEG	Number of records with data element 31e > 0
Aggregate Value of TEG	data element 31e total – TEG (Private Schools ONLY)
Number Receiving LEAP	Number of records with data element 31f > 0
Aggregate Value of LEAP	data element 31f total – LEAP
Number Receiving HB3015 Grants and Scholarships	Number of records with data element 31g > 0
Aggregate Value of HB3015 Grants and Scholarships	data element 31g total – HB3015 Grants and Scholarships
Number Receiving Merit aid taken to Institution	Number of records with data element 31h > 0
Aggregate Value of Merit aid taken to Institution	data element 31h total – Merit aid to Institution
Number Receiving Merit aid by Institution	Number of records with data element 31i > 0
Aggregate Value of Merit aid by Institution	data element 31i total – Merit aid by Institution
Number Receiving Byrd Schol.	Number of records with data element 31j > 0
Aggregate Value of Byrd Schol.	data element 31j total – Byrd Scholarship
Number Receiving State Nurse Schol.	Number of records with data element 31k > 0
Aggregate Value of State Nurse Schol.	data element 31k total – State Nursing Scholarship
Number Receiving Deposit Schol.	Number of records with data element 31l > 0

Column Name	Formula used
Aggregate Value of Deposit Schol.	data element 31l total – Student Deposit Scholarship
Number Receiving Other Schol. & Grants	Number of records with data element 31n > 0
Aggregate Value of Other Schol. & Grants	data element 31n total – Other Scholarships or Grants
Number Receiving TX Grant Scholarship	Number of records with data element 31o > 0
Aggregate Value of Texas Grant Scholarship	data element 31o total – Texas Grant Program
Number Receiving TEOG	Number of records with data element 31p > 0
Aggregate Value of TEOG	data element 31p total – Texas Grant II Program
Number Receiving SLEAP	Number of records with data element 31q > 0
Aggregate Value of SLEAP	data element 31q total – SLEAP
Unduplicated # Students Receiving Grants & Schol.	Total number of records if any of the data elements 31a through 31q or data element 34a are > 0
Aggregate Value of Grants & Schol.	Total of data elements 31a through 31q or data element 34a
Number Receiving Federal Work-Study	Number of records with data element 32a > 0
Aggregate Value of Federal Work-Study	data element 32a total – Federal Work-Study (federal funds plus match)
Number Receiving Texas Work-Study	Number of records with data element 32b > 0
Aggregate Value of Texas Work-Study	data element 32b total – Texas Work-Study (state funds plus match)
Number Receiving Institutional Work-Study	Number of records with data element 32c > 0
Aggregate Value of Institutional Work-Study	data element 32c total – Need-based Institutional Work-Study
Number Receiving AmeriCorps	Number of records with data element 32d > 0
Aggregate Value of AmeriCorps	data element 32d total – AmeriCorps
Number Receiving HB3015 WS	Number of records with data element 32e > 0
Aggregate Value of HB3015 WS	data element 32e total – HB3015 WS
Unduplicated # Students Receiving Work-Study	Total number of records if any of the data elements 32a through 32e are > 0
Aggregate Value of Work-Study	Total of data elements 32a through 32e
Number Receiving Subsidized Stafford Loans	Number of records with data element 33a > 0
Aggregate Value of Subsidized Stafford Loans	data element 33a total – Subsidized Stafford Loans
Number Receiving Unsub. Stafford Loans	Number of records with data element 33b > 0
Aggregate Value of Unsub. Stafford Loans	data element 33b total – Unsubsidized Stafford Loans
Number Receiving Perkins Loans	Number of records with data element 33c > 0
Aggregate Value of Perkins Loans	data element 33c total – Perkins Loans

Column Name	Formula used
Number Receiving SLS/PLUS Loans	Number of records with data element 33d > 0
Aggregate Value of SLS/PLUS Loans	data element 33d total – Federal SLS + PLUS Loans
Number Receiving HELP Loans	Number of records data element 33e > 0
Aggregate Value of HELP Loans	data element 33e total – HELP Loans
Number Receiving College Access Loans	Number of records with data element 33f > 0
Aggregate Value of College Access Loans	data element 33f total – College Access Loan (CAL)
Number Receiving Primary Care Loans	Number of records with data element 33g > 0
Aggregate Value of Primary Care Loans	data element 33g total – Primary Care Student Loans
Number Receiving Income Contingent Loans	Number of records with data element 33h > 0
Aggregate Value of Income Contingent Loans	data element 33h total – Income Contingent Loans
Number Receiving Subsidized Fed. Direct Loans	Number of records with data element 33i > 0
Aggregate Value of Subsidized Fed. Direct Loans	data element 33i total – Subsidized Federal Direct
Number Receiving Other Long-Term Loans	Number of records with data element 33j > 0
Aggregate Value of Other Long-Term Loans	data element 33j total – Other Long-Term Loans
Number Receiving Unsub. Fed. Direct Loans	Number of records with data element 33k > 0
Aggregate Value of Unsub. Fed. Direct Loans	data element 33k total – Unsubsidized Federal Direct Loans
Number Receiving Be On Time (BOT) Loans	Number of records with data element 33l > 0
Aggregate Value of Be On Time (BOT) Loans	data element 33l total – Be On Time (BOT) Loans
Number Receiving HB 3015 Loans	Number of records with data element 33m > 0
Aggregate Value of HB3015 Loans	data element 33m total – HB3015 Loans
Unduplicated # Students Receiving Loans	Total number of records if any of the data elements 33a through 33m are > 0
Aggregate Value of All Loans	Total of data elements 33a through 33m
Number Receiving HB3015 Other Aid	Number of data element 34b > 0
Aggregate Value of HB3015 Other Aid	total of data element 34b – HB3015 Other Aid
Unduplicated # Students Receiving Any Aid	Total number of records if any of the date elements 29 through 34b are > 0
Aggregate Value of Funds Awarded	Total of date elements 29 through 34b
Number Unduplicated Recipients	Total number of records if any of fields 031 through 068 are > 0
Unduplicated # Students Receiving Grants	Total number of records if any of the data elements 29 through 31g or data elements 31o through 31q are > 0
Unduplicated # Students Receiving Schol.	Total number of records if any of the data elements 31h through 31n are > 0
TEGNeed	data element 27 (cost of attendance) minus data element 28 (total family contribution) minus data element 30 (categorical aid) minus data element 31a (federal pell) – this is ONLY for private senior, private jr and private health-related institutions.
