

# Statistical Analysis of University Rankings

**William P. Hobby  
Jim Granato**

Many people from the **University of Texas** and the **University of Houston** contributed to this effort including:

**Chancellor Mark Yudof**

**Admiral Bobby Ray Inman**

**Dean Larry Sager**

**Dean Ben Streetman**

**Vice Chancellor H. Keith McDowell**

**Associate Vice Chancellor Marsha Kelman**

**Assistant Dean Leslie Oster**

**Associate Vice Provost Kristi Fisher**

**Assistant Vice Chancellor Laura Calfee**

**Professor Renée Cross**

**Stephanie Eguia**

**Thanapan Laiprakobsup**

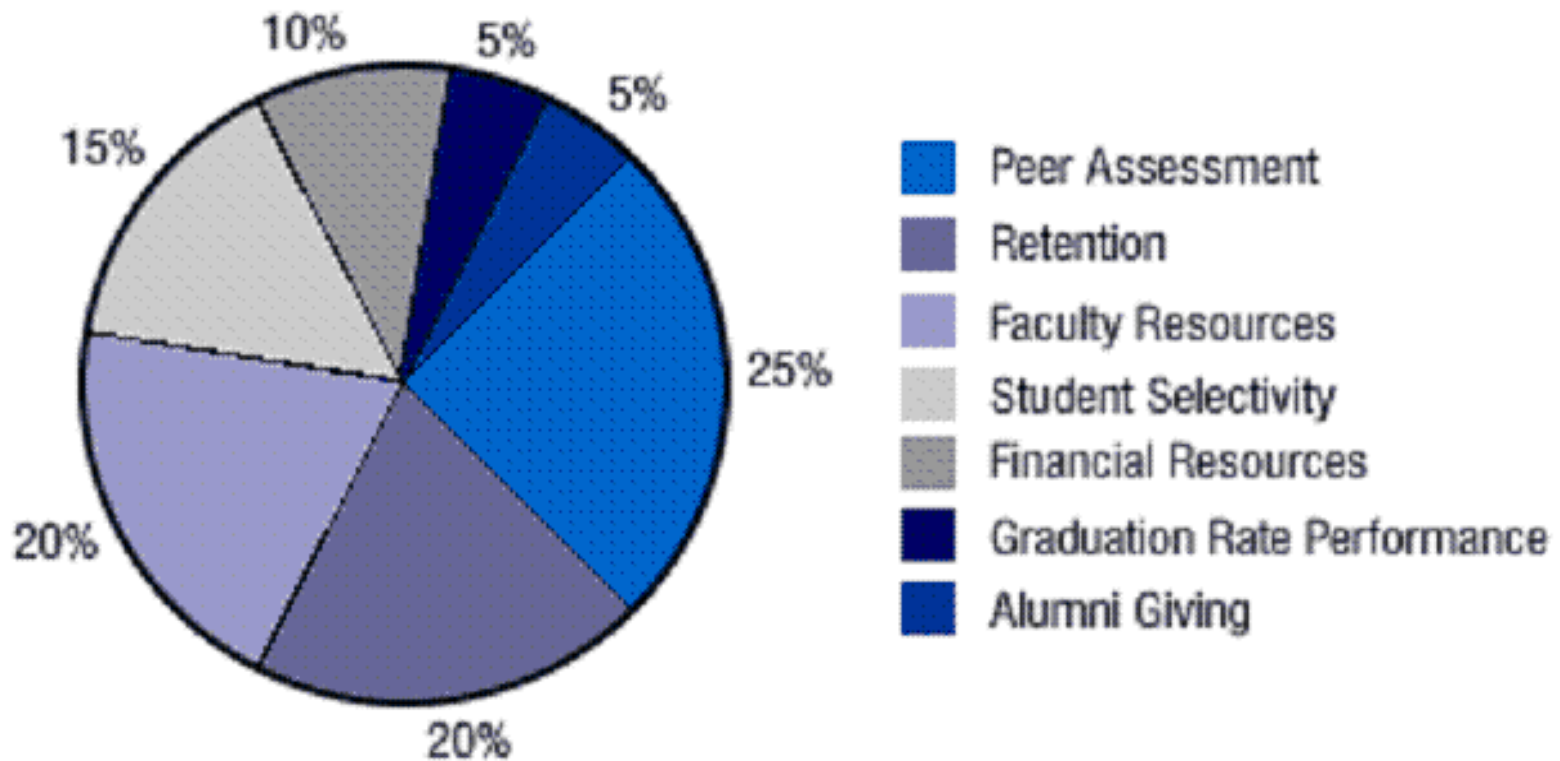

# **How can Texas universities improve their national ranks?**

# Ranking Sources and Methods

- **US News and World Report (USN&WR) mostly (75%) measures undergraduate factors.**
- **The Center for Measuring University Performance (CMUP) at Arizona State University measures research and graduate factors.**
- **CMUP measures influence USN&WR measures.**

# USN&WR Variables

# USN&WR Weights: Full Breakdown

<b><u>FACTOR</u></b>	<b><u>%</u></b>
<b>Peer assessment survey</b>	<b>25.0</b>
<b>Acceptance rate</b>	<b>1.5</b>
<b>High school top 10%</b>	<b>6.0</b>
<b>SAT/ACT scores</b>	<b>7.5</b>
<b>Faculty compensation</b>	<b>7.0</b>
<b>Faculty with top terminal degree</b>	<b>3.0</b>
<b>% Full-time faculty</b>	<b>1.0</b>
<b>Student/faculty ratio</b>	<b>1.0</b>
<b>Class size, 1-19 students</b>	<b>6.0</b>
<b>Class size, 50+ students</b>	<b>2.0</b>
<b>Graduation rate</b>	<b>16.0</b>
<b>Freshman retention rate</b>	<b>4.0</b>
<b>Financial resources</b>	<b>10.0</b>
<b>Alumni giving</b>	<b>5.0</b>
<b>Graduation rate performance</b>	<b>5.0</b>
<b>Total</b>	<b>100.0</b>

# CMUP Data

- **The nine CMUP measures are summarized into two variables: Top 25 and 26-50. Top 25 is the one that counts.**
  
- **The nine measures are:**
  - **Total Research \$\$**
  - **Federal Research \$\$**
  - **Endowment Assets**
  - **Annual Giving**
  - **National Academy Members**
  - **Faculty Awards**
  - **Doctorates**
  - **Post-Docs**
  - **SAT/ACT Scores**

## 2007 PEER ASSESSMENT OF COLLEGES AND UNIVERSITIES

### National Universities

Each year, *U.S. News & World Report* conducts a survey of undergraduate programs at colleges and universities. The results are used as part of the America's Best Colleges rankings. A list of your peer institutions is listed below by state. This survey is being sent to the president, provost, and dean of admissions at each of these schools. **Your participation in this survey is greatly appreciated.**

#### Directions for Overall Ratings:

1. Please rate the academic quality of undergraduate programs at the following schools in the national universities category. These schools are major research universities and leading grantors of doctorate degrees.
2. Please review the entire list first, considering each program's scholarship record, curriculum, and quality of faculty and graduates.
3. Using a black pen, rate each school **with which you are familiar** on a scale from marginal (1) to distinguished (5) by marking an "X" in the corresponding box. If you are not familiar with a school's faculty, programs, and graduates, please mark "don't know."
4. **Separate instructions for nominating exemplary undergraduate programs in specialty areas are found on page 10.**
5. Return the completed survey in the postage-paid return envelope to Synovate, Inc. (If you have *misplaced the envelope*, you may return the survey to Angela Foster-Woods, *Synovate*, 222 South Riverside Plaza, Suite 350, Chicago, IL 60606-5809.)

Any questions? Contact the *America's Best Colleges*, help desk at (800) 408-5365 or [usnews@synovate.net](mailto:usnews@synovate.net).  
Thank you!

#### RATINGS

Distinguished	Strong	Good	Adequate	Marginal	Don't Know
5	4	3	2	1	

# What is Peer Assessment?

- **University presidents, provosts and deans of admission are asked to rate undergraduate programs of other universities 1-5. Like students, administrators don't always follow instructions. The undergraduate variables don't significantly affect Peer Assessment.**
- **Ranking history and the research, faculty, and graduate programs that make up the CMUP "Top 25" variable DO affect Peer Assessment (academic reputation).**

# Where do Texas Flagship Schools Rank?

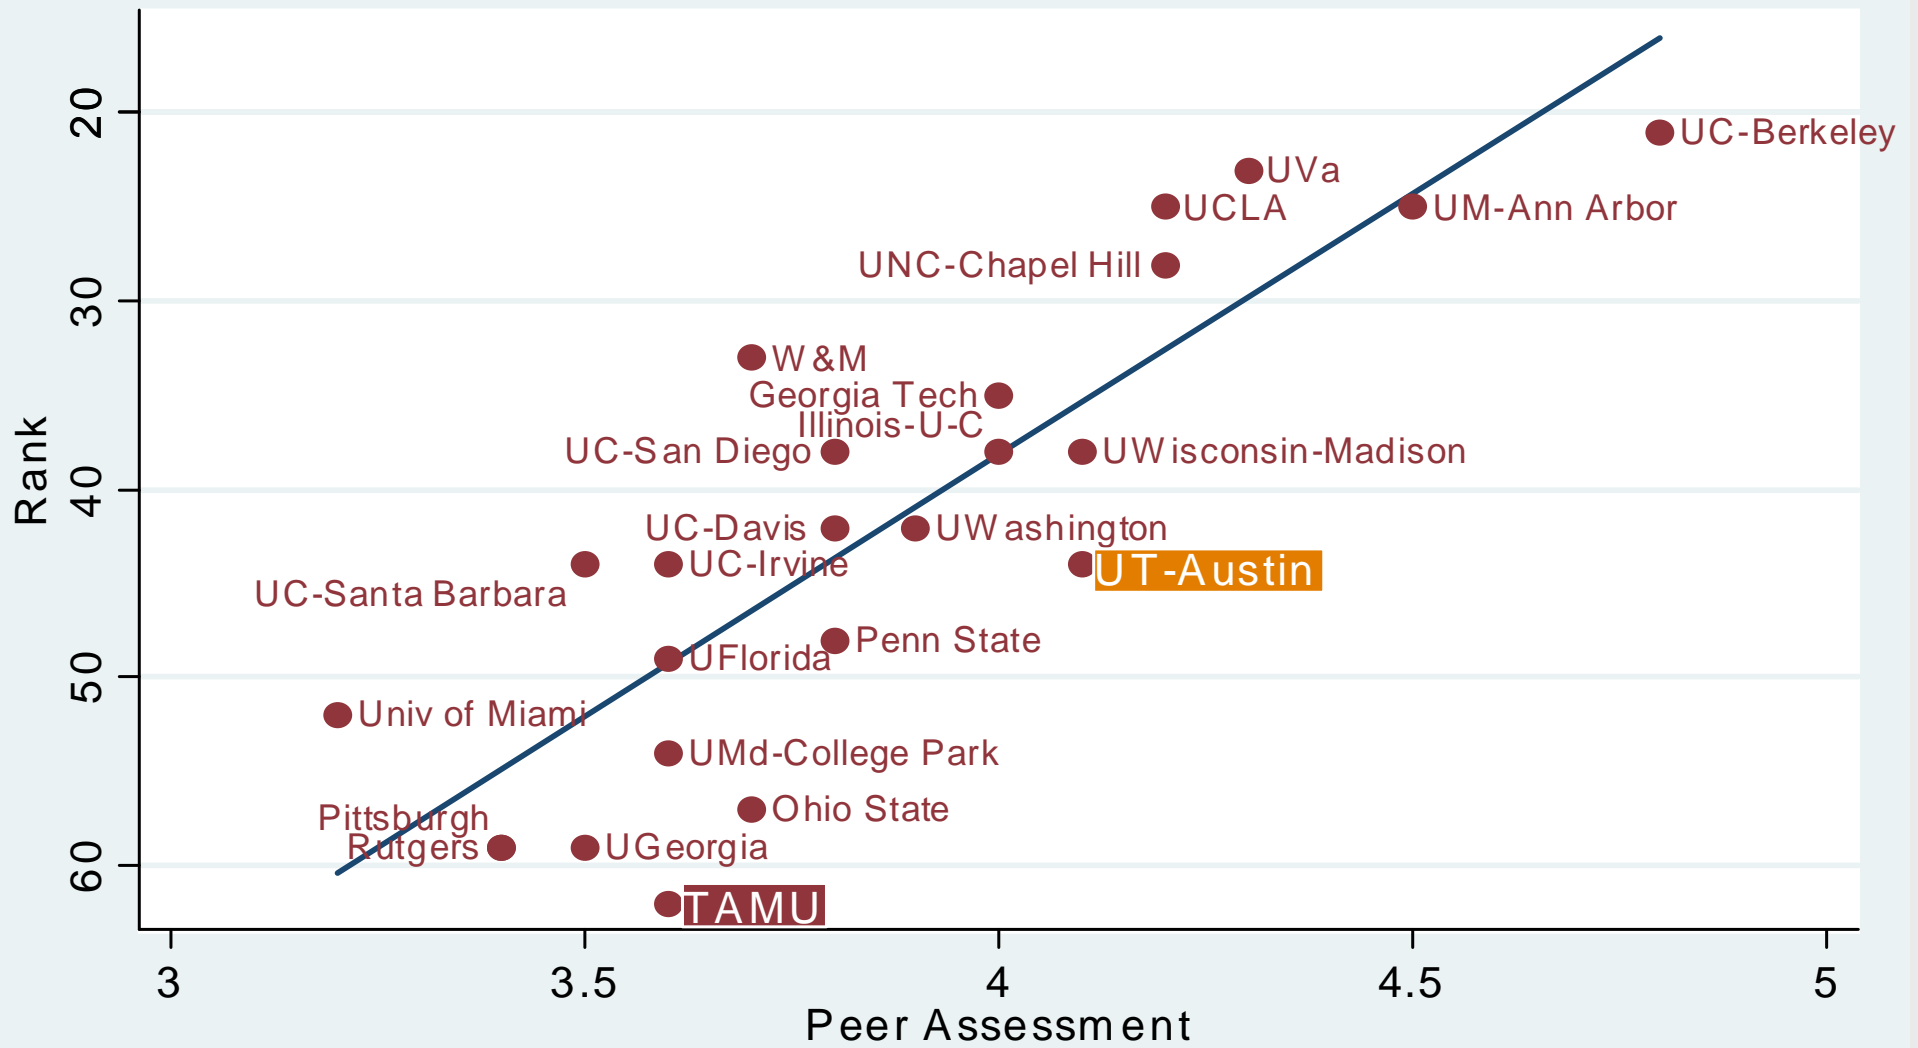

# Texas Flagship Ranks

USN&WR			CMUP	
University	All	Publics	All	Publics
<b>UT-Austin</b>	<b>44</b>	<b>13</b>	<b>30</b>	<b>12</b>
<b>Texas A&amp;M</b>	<b>62</b>	<b>23</b>	<b>32</b>	<b>13</b>

University	RANK	Score	Peer
UC-Berkeley	21	78	4.8
UVirginia	23	74	4.3
UCLA	25	73	4.2
UMichigan-Ann Arbor	25	73	4.5
UNC-Chapel Hill	28	70	4.2
William & Mary	33	65	3.7
Georgia Tech	35	63	4.0

Ohio State	57	52	3.7
Rutgers	59	51	3.4
UPittsburgh	59	51	3.4
UGeorgia	59	51	3.5
Texas A&M-College Station	62	50	3.6

# What Influences Rank?

# The Effect of Peer Assessment on Rank

# USN&WR Results: Implications for Texas Flagship School Rankings

- A .2 increase in peer assessment (4.1-4.3) would move **UT-Austin** from 44<sup>th</sup> to 35<sup>th</sup> among all universities and into the top 5 public universities.
- A .5 increase in peer assessment (3.6-4.1) would move **Texas A&M** from 62<sup>nd</sup> to 48<sup>th</sup> among all universities and into the top 10 public universities.

# Part 4: A Word on Speed of Change

# Glacial in Power & Speed!

- Peer Assessment and Rank change slowly.
- From 1999 to 2008 Peer Assessment change averaged .008/year.
- From 1999 to 2008 Rank change averaged .38/year.

# **Targeted Efforts Can Improve Rank!**

**There are ways to speed up improvement.**

**Each CMUP measure added into the Top 25 increases Peer Assessment and therefore Rank at several times the average rate.**

# CMUP Measures, Rank

<b>Measure</b>	<b>UT-Austin Rank</b>	<b>Texas A&amp;M Rank</b>
<b>Total Research \$\$‡</b>	<b>34</b>	<b>23</b>
<b>Federal Research \$\$‡</b>	<b>31</b>	<b>51</b>
<b>Endowment</b>	<b>6*</b>	<b>8</b>

<b>PhDs Granted</b>	<b>4</b>	<b>17</b>
<b>Post-Docs</b>	<b>68</b>	<b>47</b>
‡ <b>UT-Austin</b> not comparable (medical schools)		

# UT-Austin Data

- **State Support + Tuition and Fees Per Student**
- **Funding per FTE Student v. Student Faculty Ratio**
- **Federal Research \$\$**
- **Federal Research \$\$, Rank by Discipline**

# State Support + Tuition & Fees Per Student

STATE APPROPRIATIONS PLUS TUITION & FEE REVENUE PER FTE STUDENT

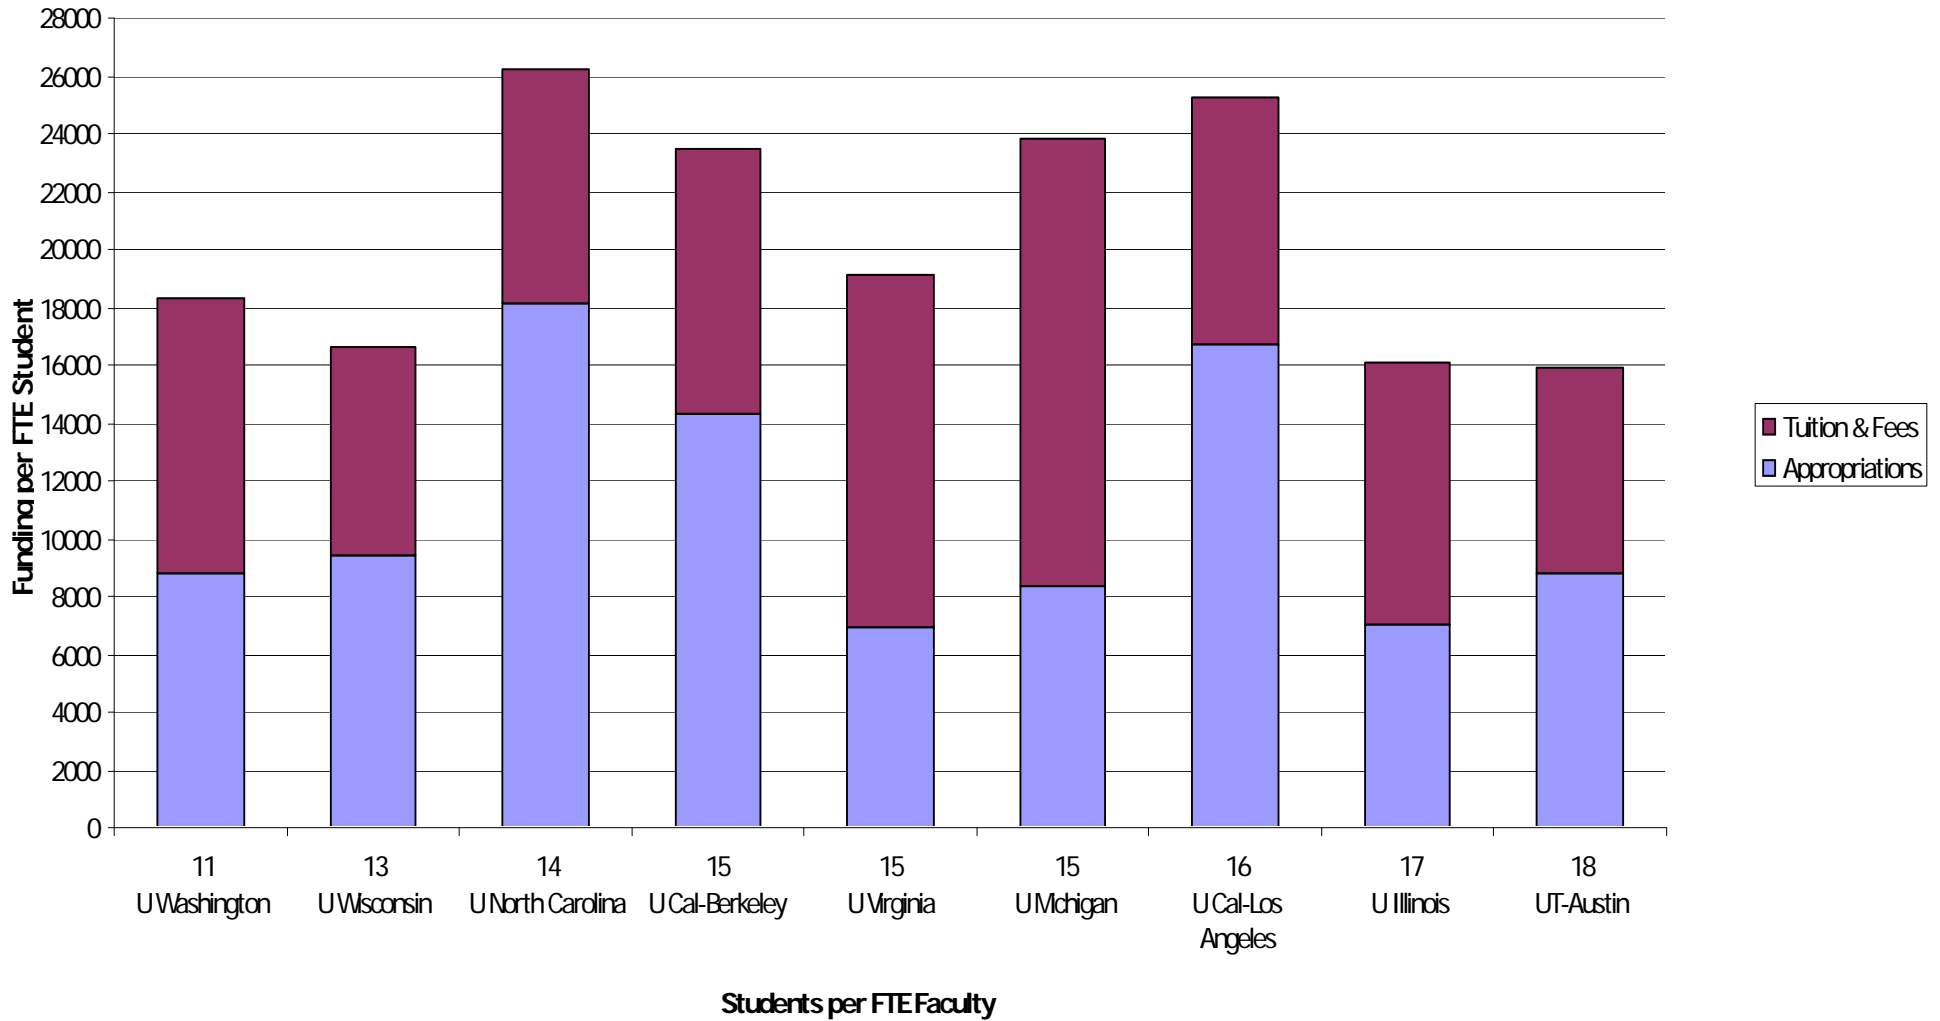

\* Institution with a Medical School

■ State Appropriations ■ AUF ■ Tuition & Fees

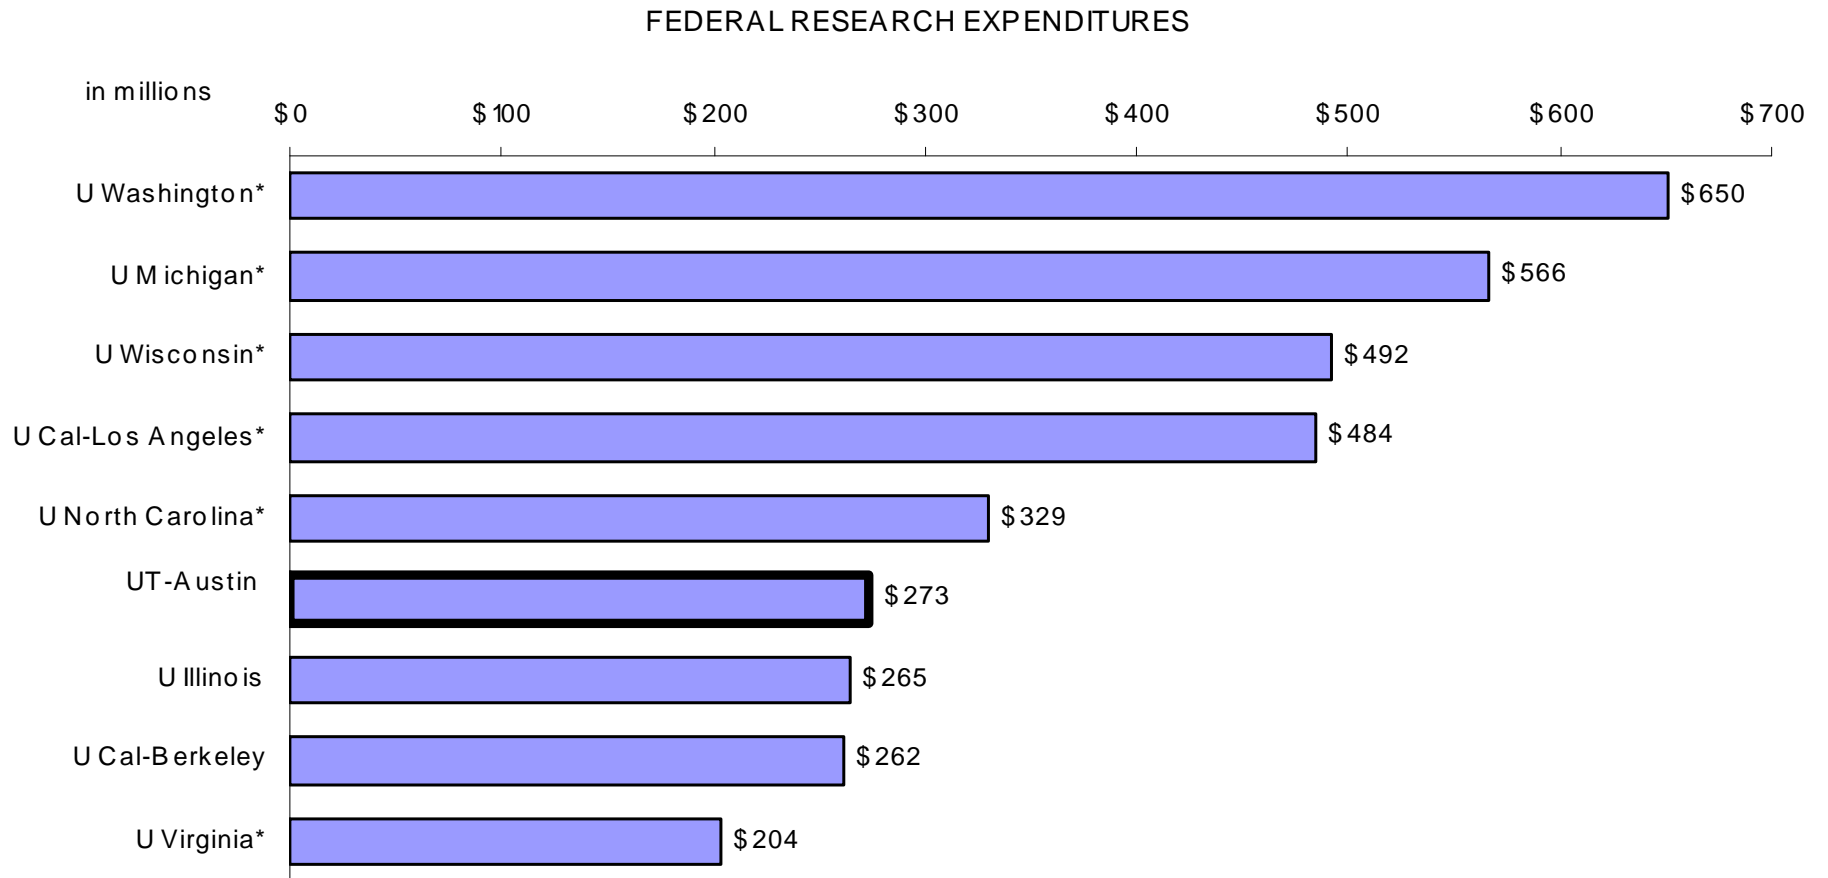

**UT-Austin** does well compared to other state universities that get more money.

# Funding per FTE Student v. Student Faculty Ratio Fiscal Year 2006

# Federal Research \$\$

**UT-Austin** is first among public peer universities without a medical school to earn the big bucks!

\*Institution with a Medical School

# Federal Research \$\$ Rank by Discipline

- **UT-Austin** is 1st in mathematics, 2nd in engineering and physical & computer sciences, 4th in environmental & social sciences, 6th in psychology, 8th in life sciences.
- **UT-Austin** is 2nd to Wisconsin-Madison in research \$\$ by discipline, but 1st among universities without a medical school. Many psychology and life science \$\$ go to medical schools.

## FEDERAL RESEARCH EXPENDITURES RANK BY DISCIPLINE

	Engr	Phys	Enviro	Math	Comp	Life	Psych	Social	RANK
U Wisconsin*	6	4	2	5	3	4	1	3	28
<b>UT-Austin</b>	<b>2</b>	<b>2</b>	<b>4</b>	<b>1</b>	<b>2</b>	<b>9</b>	<b>6</b>	<b>4</b>	<b>30</b>
U Michigan*	1	7	7	6	7	3	2	1	34
U Cal-Los Angeles*	7	3	6	3	4	2	3	6	34
U Washington*	5	6	1	4	8	1	4	7	36
U Illinois	3	5	3	7	1	8	5	8	40
U Cal-Berkeley	4	1	8	2	9	7	8	5	44
U North Carolina*	8	8	5	8	5	5	9	2	50
U Virginia	9	9	9	9	6	6	7	9	64

\*Institution with a Medical School

# **What to Do?**

## **Raise Texas UP!**

# Texas UP!

- **“TexasUP!” happens if **UT-Austin** and **Texas A&M** raise their “26-50” measures UP! to the Top 25.**
- **Each additional measure in the Top 25 should, over time, increase Peer Assessment .1.**

# What to do? Raise Texas UP!

If **UT-A** and **Texas A&M** raised their “26-50” measures to Top 25 (TexasUP!) the CMUP ranks would improve.

	Now	TexasUP!
<b>UT-A</b>	<b>27</b>	<b>10</b>
<b>TAMU</b>	<b>27</b>	<b>15</b>

# What it would take: **UT-Austin**

Measure by Rank	<b>UT-Austin</b>	Rank minus 25	Needed to = #25
Annual Giving	<b>29</b>	<b>4</b>	<b>\$23,771</b>
<b>TexasUP!</b>		<b>15*</b>	<b>(\$ x 1,000)</b>

**UT-Austin** could raise TexasUP! by boosting Annual Giving 15 Ranks.

# UT-Austin UP!

- **As a result of this study, UT-Austin will move UP! to Top 25 (from 36<sup>th</sup> to 6<sup>th</sup>) in CMUP Endowment Rank. In time this improvement should increase Peer Assessment .10.**

# What it would take: **Texas A&M**

<b>Measure by Rank</b>	<b>Texas A&amp;M</b>	<b>Rank minus 25</b>	<b>Needed to = #25</b>
<b>Annual Giving</b>	<b>28</b>	<b>3</b>	<b>\$19,527</b>
<b># Academy Memberships</b>	<b>41</b>	<b>16</b>	<b>14</b>
<b># Post-Docs</b>	<b>47</b>	<b>22</b>	<b>174</b>
<b>TexasUP!</b>		<b>41</b>	<b>(\$ x 1,000)</b>

**Texas A&M** could raise TexasUP! by boosting three measures 41 Ranks.

# Summary

- **Peer Assessment, 25% of the USN&WR rank, gives the biggest bang for the buck. It is driven by research \$\$, endowment, academy memberships, and doctorates granted.**
- **Money spent on outstanding faculty that win the research grants and the prizes is the best investment. The correlation between research \$\$ and Academy Membership = .65.**

**The mark of a truly educated man is to be moved deeply by statistics.**

**George Bernard  $\Sigma$ haw**
