Student and Exchange Visitor Information System (SEVIS) Report

What is SEVIS?

SEVIS is a U.S. government internet-based system that tracks current information on non-immigrant students (F and M visa), exchange visitors (J visa), and their dependents (F-2, M-2, and J-2). SEVIS allows schools and program sponsors to transmit electronic information and event notifications via the internet, to the U.S. Immigration and Customs Enforcement (ICE) and Department of State (DOS) throughout the student's or exchange visitor's stay in the United States. SEVIS reflects changes in international student or exchange visitor status, admission at the Port of Entry (POE), changes of address, changes in program of study, and other events.

The International Student and Scholar Services Office (ISSSO) was responsible for tracking and reporting on **3225** F and J visa students, scholars, and their dependents for the Fall 2007 semester.
