These will be shared in class and posted to Blackboard

VI. Course Requirements

This class will be in seminar format and require us to all work collaboratively to build knowledge. Thus, students are expected to do the readings and assignments and come to class prepared to discuss them. Homework assignments will be skills based and incremental, culminating in a mini-proposal for a qualitative research study. You will be responsible for many outside of class, experiential activities such as completing a human subjects protections training, conducting field observations, taking field notes, obtaining confidential consent from your participants & conducting 2 semi-structured interviews. We will also do many experiential activities in class such as practice coding transcriptions and discussing articles and videos.

VII. Evaluation and Grading

A. Grading Distribution:

- 1) Observations/broad research question 5 points
- 2) Concept map 10 points
- 3) Finalized research questions and interview questions 10 points
- 4) Conceptual framework and narrative. Narrative includes your theoretical underpinnings. 20 points
- 5) Transcriptions due with broad themes 10 points
- 6) Abstract 15 points (500 words or less)
- 7) Mini-proposal 30 points (e.g., background, research questions, theoretical framework, and proposed approach). You will present your mini-proposal as though it were your proposal defense.

Expectations and instructions for homework assignments will be explained in further detail in class discussion and written form.

B. Grading Scale:

Scores from each written assignment and the class participation grade will be converted according to the grading distribution indicated above. The scores will then be combined and final letter grades will be based on the following grading scale:

| | | | |
|------|-----------------------|------|----------|
| A = | 96-100% of the points | C+ = | 76-79.9% |
| A- = | 92-95.9% | C = | 72-75.9% |

| | | | |
|------|----------|-----|-----------|
| B+= | 88-91.9% | C- | 68-71.9% |
| B = | 84-87.9% | D = | 64-67.9% |
| B- = | 80-83.9% | F = | Below 64% |

VIII. Policy on grades of I (Incomplete):

Please refer to the UH Graduate and Professional Studies Bulletin for the university policy regarding a grade of Incomplete (I). Incompletes will be given only in accordance with this policy. Assignments are due at the beginning of the class session for which they are due, as indicated in the course outline below. Late assignments will be reduced by 5 points for each day they are late. Please plan accordingly so that you are able to complete and submit your assignments on time, and inform me ASAP should any problems arise. If an emergency prevents you from attending class on the day an assignment is due, you must notify me prior to the class so that appropriate arrangements may be planned. An **unexcused** absence will also result in a grade of zero (0) on any in-class assignments administered on the day of the absence.

IX. Policy on academic dishonesty and plagiarism

Although I do not expect to encounter academic dishonesty or plagiarism in this class, I want to be very clear about my standards.

Students are expected to demonstrate and maintain a professional standard of writing in all courses, do one's own work, give credit for the ideas of others, and provide proper citation of source materials. Any student who plagiarizes any part of a paper or assignment or engages in any form of academic dishonesty will receive an "I" for the class with a recommendation that a grade of F be assigned, subsequent to a College hearing, in accordance with the University policy on academic dishonesty. Other actions may also be recommended and/or taken by the College to suspend or expel a student who engages in academic dishonesty.

All papers and written assignments must be fully and properly referenced using APA style format (or as approved by the instructor), with credit given to the authors whose ideas you have used. If you are using direct quotes from a specific author (or authors), you must set the quote in quotation marks or use an indented quotation form. For all direct quotes, you must include the page number(s) in your text or references. Any time that you use more than four or five consecutive words taken from another author, you must clearly indicate that this is a direct quotation. Please consult the current APA manual for further information.

Academic dishonesty includes using any other person's work and representing it as your own. This includes (but is not limited to) using graded papers from students who have previously taken this course as the basis for your work. It also includes, but is not limited to submitting the same paper to more than one class. If you have any specific questions about plagiarism or academic dishonesty, please raise these questions in class or make an appointment to see instructor.

This statement is consistent with the University Policy on Academic Dishonesty that can be found in your UH Student Handbook.

XI. Policy on Academic Accommodations for Students with Disabilities

Whenever possible, and in accordance with 504/ADA guidelines, the University of Houston will attempt to provide reasonable academic accommodations to students who request and require them. For more information and/or assistance, please contact the Center for Students with Disabilities at 713-743-5400.

XII. Expectations for Maintaining a Safe, Respectful Learning Environment and Classroom Behavior

Cellular Phones and Pagers: Students are asked to turn off (or activate the vibrator mode on) cellular phones and pagers during class time. Disruptions of this nature compromise the academic process, and therefore will not be tolerated. If you have extenuating circumstances that prevent you from honoring this classroom rule, please schedule a meeting with me as soon as possible to advise me of your situation.

Classroom Behavior: The **GOLDEN RULE** for expected behavior in the classroom is to **be respectful of yourself and your colleagues**. By virtue of the nature of our profession, we will often engage in content and discussions in this course that elicit varied opinions, perspectives, and emotions. This will provide a well-rounded educational experience for all of us, if we practice and demonstrate the core values of social work. Social Work classes are a good training ground for professional conduct.

Attendance: Please be on time to class. If you are more than 20 minutes late it will be counted as an unexcused absence. More than two unexcused absences will be subject to a drop in one letter grade. Assignments are due at beginning of class period. Late assignments will be penalized with points lost.
